Hi **[insert your boss' name]**,

I'm interested in taking Product Marketing Alliance's Customer Marketing certification and am enquiring about whether you'd be willing to provide the financial support for me to do so.

Product marketing is and always will be a customer-centric role. A core part of my job is to value the voice of the customer and advocate for their wants, needs, and pain points. It's my responsibility to make them feel heard. Therefore, customer marketing is an integral part of what I need to do to ensure that I am staying true to this.

This course is going to give me invaluable, practical insights into streamlining our customer marketing approach so that we can ensure that our customers are happy, our products are the best they truly can be, our brand reputation is consistently positive, and that we bring in increased revenue for the organization.

Taking this into consideration, I'm keen to heighten my core understanding of the area, and I believe this course would be the ideal platform for me to do so.

Product Marketing Alliance is a respected company within the field, and esteemed organizations such as IBM, LinkedIn, and G2 have all recognized the quality of previous courses they've brought to the market.

The course is 100% self-paced and will help me to walk away with the tools and skills I need to implement customer-centric programs across our organization.

The Customer Marketing certification includes specialist content created by product marketing experts and includes:

- 12 modules and 10+ hours of thorough training,
- 52 chapters, 6 fireside chats with leading experts,
- 50+ exam questions, and
- Customer Marketing certification.

Plus, I'll have access to all of the course materials forever – including future updates.

I've taken it upon myself to research any other alternatives that may be available, and I can assure you, Product Marketing Alliance's Customer Marketing certification surpasses other options, offering exceptional value for money and impeccable content.

I have no doubt Product Marketing Alliance's Customer Marketing masterclass will give me and my colleagues the knowledge and tools needed to improve the current standards at [company name].

I'd be thrilled to discuss this exciting opportunity with you in further detail. In the meantime, you can find more details about what's included in the syllabus, as well as an FAQ [here](#).

If there's anything else you need, please let me know. I'd be more than happy to help.
