Dear Sir Ernest,

I am happy to inform you that a grant of #3000.00 has this day been made to the Research Section of the Department of Economics and Commerce of the University of Manchester, primarily to provide stipends for two advanced Research Workers in connection with the Research Activities of the Section during the year beginning approximately September 1st 1933.

Payments under this grant will be made as needed upon your request to our Comptroller, Mr. Robert Letort.

While I cannot give you any formal assurances regarding future support of the work of the Research Section, I think I can safely say that the prospects of such further support are good.

Yours very sincerely,  
(SIGNED) JOHN V.VAN SICKLE. John V.Van Sickle.
