## FULL-STACK WEB DEVELOPER

[Email](#) | [Github](#) |

---

### SUMMARY

---

Hello, I am Yishak, a full stack developer. I like problem-solving and challenging tasks. I'm Interested in mobile apps, front-end, back-end, and full-stack development.

---

### SKILLS

---

**Front-End:** Nextjs, React Native, React, Redux, React Query, Tailwind

**Back-End:** Firebase, Express, NestJS, Rails

---

### EXPERIENCE

---

ETM SOFTWARE

**React Developer/ React Native Developer**

Remote

July 2022 – February 2023

UI Components Designing & Application Interface Coding

- Translated designs & wireframes into high-quality code and wrote application interface code via JavaScript following React.js workflow.
- Worked on refactoring class based/legacy components.
- Developed and maintained React Native components, screens, and features multiple mobile app.
- Monitored and improved front-end performance by 15% and documented application changes & worked on updates.
- Worked on a social website and an app that has 50,000+ users (urbaniser.com).

PERAGO

**Frontend developer (Part time)**

Remote

February 2022 – May 2022

- Developed a form builder feature that can be embedded.
- Allows users to create, store and customise forms.
- Developed bare components that can be used to build forms.
- Used drag and drop libraries making it intuitive and easy to rearrange.

MICROVERSE

**Technical Support Engineer**

Remote

February 2022– December 2022

- Mentored junior web developers, providing technical support through code reviews.
- Proposed improvements to code organization to improve code quality and overall performance.
- Provided advice and tips on maintaining motivation to maintain longevity in the program.

MADDO

**Frontend developer (Contract)**

Remote

May 2023 – January 2024

- Designed and implemented a multi-section system comprising Admin, Teacher, and Student portals, ensuring smooth interaction and user-specific functionalities.
- Empowered teachers to craft courses, offering both free and premium options, leveraging Stripe integration for seamless payment processing.

- Engineered student enrollment functionalities, enabling users to enroll in preferred courses and facilitating a gifting system where satisfied students could support teachers.

---

## EDUCATION

---

MICROVERSE

September 2021- May 2022

**Remote Full-stack Web Development Program, Full Time**

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

Wuchang University of Technology

September 2017- June 2021

**Bachelor's Degree, Computer Science**
