"In high school, I was able to figure out what I excelled in and what I didn't. I knew that creativity was one of my strengths, and my teachers helped me get experience. They want me to succeed and to continue to bring new things to the community so that our town continues to thrive."

-Alana Brueggeman, Graduate of Wray High School,
Owner of Lala's Bakery in Wray

Aurora Public Schools won an ICAP Award in March 2021 for this elementary school curriculum. The comprehensive lessons incorporate the CASEL competencies (Collaborative for Academic, Social & Emotional Learning), the Colorado Academic standards, and Colorado Essential Skills.

They were created and developed by first grade teacher, Michele Walker from Arkansas Elementary.

Congratulations to Michele Walker and Aurora Public Schools!
