

10 Goals or more in a match

I have researched on-line through the National Library of Australia - Trove website going through old Advertiser and The Mail newspapers from 1928-1954 and also have sourced scores from 1955-1989 through attending the State Library of South Australia going through old "The Mail" newspaper on microfiche which was the paper produced on Saturday Nights for release at 7.00pm and a later edition at midnight before becoming the "Sunday Mail" on 5th of November 1972 to get scores and goalkickers. Also went through the "Football Times" newspaper 1976-1992. Have accessed most of the Registration books from 1990 onwards.

Sid Maley in A1 in 1946 was an association record that was only broken in 2007.
