

UpToDate

UpToDate is an online **evidence-based clinical decision support platform** used by healthcare professionals to access updated medical information, treatment recommendations, and clinical guidelines. The content is written by experts and constantly reviewed to support informed decision-making in medical practice.

1. Follow the instructions for creating and accessing an **Enformation** account from this link:

[CREAREA UNUI CONT E-NFORMATION ENG](#)

2. Click on the “**Institutional Profile**” button.
