Main characters: Button Mash, Button's Mother, Babs Seed, The CMC.

Genre: Comedy.

Premise:

Button Mash invites Sweetie Belle over for a slumber party. Interested, the rest of the CMC end up joining in. However it turned out that Button had planned to record them playing games for his new "MareTube" account, the CMC quickly decide to try it out in hopes that it'll earn them a new cutie mark (Don't ask how that makes sense). But sadly only Button, Spike and Scootaloo themselves are actually good at video games. Needless to say, hilarity ensues...
