

AS10 Rumorchecker

Disclaimer: Don't take anything you see here as gospel. A lot of it will change, and if you get your hopes up, you'll get disappointed when Gigi Goode is in fact NOT on AS10. Now let's get started!

Green means it's reliable/proven or backed up by another teaspillar

Yellow means it's partially true

Orange means it's probably not true but the teaspillar wasn't confident in it anyways

Red means the rumor is FALSE. LIAR LIAR TINA BURNER ON FIRE

No highlight means we don't know for sure if it's true or false yet. Time will tell ❤️

Bold means recently added tea

- The system for winning is points, which causes a lot of drama
 - Top 2 Bottom 4 format
 - The girls in the top get points + the girls in the bottom give away a point to anyone else
- 12 episode season
- No entrance lines and no regular entrances
- The girls did NOT get the full list of runways
- Before Maddy Morphosis dropped out, a rugirl told a few girls that the groups were:
 - Group 1 - Aja, Bosco, DeJa, Irene, Olivia, Phoenix
 - Group 2 - Jorgeous, Kerri, Maddy, MIB, NPB, Tina
 - Group 3 - Acid, Alyssa H, Cynthia, Daya, Denali, Ginger
- Group 1 runways are:
 - Slits and tits
 - Coming and going
 - Makeover
- The 3 queens from Group 1 who make it past the merge are Aja, Bosco, and Irene DuBois
- Premiere episode is an 80s/90s rock band challenge. The runway is tits. Aja wears a Jynx outfit. The top 2 are Aja and Irene, with Aja beating Irene to an Ice Spice song
- Second episode is a comedy/improv challenge that Aja, Bosco, and Irene demolish. The runway is 2-in-1. Judges love DeJa's runway. The top 2 are Bosco and Irene, with Bosco beating Irene.
- Third episode is a **makeover**. It was thought Aja and Olivia would be top 2. The actual top 2 are Bosco and Irene, with Irene beating Bosco.
 - also a music challenge
- One of the two Bosco vs Irene lipsyncs is Murder on the Dancefloor
- There is no LaLaPaRuZa for eliminated queens. Instead, someone will be chosen at random to come back.
 - She heard that it's a judges' choice situation
- Challenges were much harder this season, rumored to be multiple challenges in one
- Phoenix really struggled (BTM4, BTM4, BTM4 TR)
- DeJa was in her head the whole time (BTM4, BTM4, BTM4 TR)

- Olivia was a villain and fought with people a lot, esp after episode 2's ending (BTM4, BTM4, BTM4 TR)
- One of the girls was jealous because Ru took a big liking to Bosco and Aja, who both had really good packages. The judges loved Aja giving "full bangy", Bosco's sense of humor, and Irene's competitiveness
- **Maddy Morphosis dropped out of Group 2 last minute and was replaced, probably by Salina EsTitties?**
- Luxx is probably not on
- Group 2's second challenge is a rap battle roast
- Group 2's second challenge judge is Chappell Roan
- There is a Season 17 girl on (perhaps Lydia Kollins)
- Lipsync songs for Group 2 are
 - Lolita Hathaway - Love Sensation
 - Chappell Roan - HOT TO GO!

- **MIB and Jorgeous made false promises to the girls and scammed them out of points**
- **There is an MIB vs Kerri fight**
- **In the finale MIB throws Kerri under the bus and "blames it on the Colbys"**
- Group 3 consists of Alyssa Hunter, Ginger Minj, Daya Betty, Acid Betty, Cynthia Lee Fontaine, and Denali
- Miley Cyrus is a guest judge for a country rumix premiere, the runway category is Night of 1000 Mileys, and the lipsync song is See You Again
- Their second episode is another design challenge
- Merge films in March

 - for the top 2 lipsyncs: ep 1 Aja beats Irene to Ice Spice, ep 2 Bosco beats Irene, ep 3 Irene beats Bosco

 - Olivia will probably be the girl chosen by judges to go past the merge
 - Olivia, DeJa, and Phoenix's TRs are BTM4 BTM4 BTM4

Anonymous Source 7

- Group 2 finishes filming Tuesday (confessionals)
- After 2 challenges, Lydia & Tina are tied for 3rd
- **Tina Burner is top 2 for the design challenge, and people generally think she did well**
- **Lydia wins the design challenge, but there is some debate as to whether she should have been top 2**
- The performance challenge in Group 2 may be a rusal
- The Group 2 girls that make it are Lydia Kollins, MIB, and Jorgeous
- No one wins all 3 challenges, there are at least 4 or maybe even 5 challenge winners
- Lydia allegedly receives multiple instances of favoritism
- One of Loleatta Holloway - Love Sensation, Chappell Roan - HOT TO GO!, and Beyoncé - Texas Hold 'Em is really suited to MIB
- The lipsync order is probably Love Sensation (which Tina and Lydia lipsync to), HOT TO GO!, Texas Hold 'Em

Source 9 - Paltry

- Love Game is a lipsync song (speculated by spoilerinas to be for Group 3 Episode 2)

Anonymous Source 10

- Phoenix has a Pandora AS6-esque run where she doesn't do awful but she also doesn't get any wins or do all that great
- DeJa trips onstage during the first take of a performance challenge and is a bit down/low-energy on the second take as a result. The trip might not be aired though! She was not top 2 for this challenge.
- DUBIOUS TEA ALERT: Olivia walks offstage after the winners for a challenge (possibly makeover?) are announced because she thought she would win and she didn't. The others remain onstage.
- Tina only has one red/yellow runway
- In Group 3, after 2 episodes, there is a 3-way tie for 2nd place (because of gifted points)
- **The mergers are Ginger, Cucu, and Alyssa/Daya**
- **Ginger wins at least one of her lipsyncs**
- **Denali wins a challenge but doesn't make merge**
- Many queens were upset by the treatment other queens got and used their points towards them.
- There are no badges, it's a completely different system.
- A Fiona (from Shrek) look was commissioned by an AS10 girl, it's unknown if it's for a pre-merge or post-merge runway
- (Could be for a different WOW drag-related show) but there are at least 2 reused songs from past seasons and at least 3 new songs that were licensed
- Kamala Harris is NOT an AS10 Guest Judge

Anonymous Source 11 (thirdhand source)

- **The group 3 mergers are Daya Betty, Denali, and Ginger Minj**
- **Ginger is in the top 2 for 2 challenges, unknown if she wins the lipsyncs or not**

Anonymous Source 12

- **Group 3 mergers are Ginger, Cucu, and Daya**
- **It's certain Denali and Acid don't make it**
- **Cucu has a BTM4 BTM4 BTM4 TR and makes it through solely through points**

LIAR LIAR TINA BURNER'S ON FIRE

Anonymous Source 1 (has sources but rumored to be false)

- Cast of 18
- 3 groups of 6 queens
- Phoenix, Nicole Paige Brooks, Maddy Morphosis, Daya Betty, Alyssa Hunter are on
 - update: still thinks Maddy Morphosis is on (it's rumored by others she was dropped)
- Luxx Noir London, Cynthia Lee Fontaine, and Jaidynn Diore Fierce could be on
 - Re: Luxx, they heard earlier that Luxx dropped out of AS10 because of her injury but then recently got tea that she could be in Group 2 of filming. Probably not though
- Merge filming is in January
- Group 1 of filming is Aja, Bosco, DeJa Skye, Irene DuBois, Olivia Lux, & Phoenix
- The 3 queens who make it past Group 1 are Bosco, Olivia Lux, & Phoenix
 - Phoenix apparently struggles a bit the first two challenges but wins the makeover
- The runway themes for this group are 2-in-1 weather look (think clouds to sunshine), armor, and an 80s fad-related look
- The girls got the entire list of runway themes and it was marked pre-merge and post-merge, so they could get started on the rest of their looks in advance if they wanted to
- The girls were also told to bring a lot of lipsync outfits, more than necessary for a lipsync for your life/legacy format
- The girls can take gigs for 2 weeks after Group 1 filming ends, but may have to return for something after that
 - Emerence thinks there will be a Lipsync LaLaPaRuZa for the eliminated girls so one of them can return and make the merge
- Bosco hired Anthony Canney to make her looks. apparently they're VERY good and look VERY expensive
- Irene DuBois tried to fight with Bosco for airtime, but Bosco mostly didn't engage with her
- Alissah Brooks produced two talent show tracks for AS10 girls

Anonymous Source 2

- Luxx Noir London is in Group 2

Anonymous Source 5 (friend of a friend spliced tea together and passed it off as legit tea)

- The queens who make it past the merge are Bosco, Phoenix, and Olivia/Aja
- Episode 1 is a Talent Show. Phoenix does a bitch track (both bits of tea from June 28).

- Aja and Irene are top 2 for the Talent Show. Aja beats Irene to Ice Spice.
- Episode 2 is a comedy challenge. Bosco/DeJa and Olivia are top 2.
- Episode 3 is a makeover. Bosco and Phoenix are top 2. Phoenix beats Bosco.
- The 3 runways are Armours, 80s Fad, and Lucy in the Sky with Diamonds
 - Lucy in the Sky with Diamonds might be a weather runway instead (tea from June 28)
- Makeover is with young basketball players

Anonymous Source 8

- Kamala Harris is a Guest Judge
 - Update: for AS9, the source was lying but they were accidentally right about this
