- If you smell a foul odor around Smith foundry or Bituminous Roadways call 311 to report
  - Write down your incident number
- Join your neighbors in cleaning up trash on your block for 20 minutes every Saturday anytime between 9am and 11am!
- Are you a Native Artist? Apply for this [Lift Program for Early Career Support for Native Artists](#) that includes \$10,000; professional development; communications and marketing support; and more
- Take [EPIC's survey](#) to share how you would like your neighborhood organization to approach safety.
- The EPIC board reviewed and approved [year-end financial reports](#)
- The EPIC board reviewed and approved [quarterly financial reports](#)

6:40 Feature Presentation//Community Discussion topic: New public space opportunity at Hi Lake: Stephanie Devitt and Jason Staebell

- Project between Hennepin County, MNDOT, Metro Transit, City of Minneapolis
- Priorities of project (informed by public engagement from 2016-2019)
  - Safety
  - Support climate friendly transportation
  - More connected space
- Construction begins in 2024
  - Simplify vehicle crossings
  - Reduce number of pedestrian crossings
  - Increase public space (70 feet wide on Northside and 50 feet wide on Southside)
- One of the busiest transit areas in the metro
- Designing the space under the bridge
  - Guidelines for using space under bridges
  - Public priorities and values reflected
  - Community partner committed to the space for any non transportation use
- Some ideas they have heard or seen in other cities:
  - Recreation space (skate park, basketball court)
  - Mobility hub
  - Pop up shops
  - Public art
- Input from East Phillips neighbors on what we'd like to see under the bridge:
  - Idea to connect to bici Xicas
  - Connect Light Rail station to rest of community
  - Idea to have a youth pedi cab service
  - Connected bike route is important

- Neighbor likes idea of basketball court
- Neighbor shared that she avoids biking under large bridges - darker etc.
  - Would like something bright, welcoming, better acoustics
- How to encourage ownership of the space
  - Idea to have room for businesses - good food
    - Food trucks
  - Idea to hold events there
  - Neighbor has had history of public art being destroyed
- Needs to be multi layered - different things happening (can't just do art)
  - Work seasonally in Minnesota
  - Warming houses that are used for a Farmer's Market
- Public art Lighting pictures; safety
- Neighbor wants to avoid criminalizing unhoused neighbors for using the space
- Work with the acoustics
- Artwork (George Floyd art), lighting for safety
- Idea to close the street for events i.e. Open Streets
- Space to share resources - space where people can pop up
- Something installed in the space
  - I.e. space to store tables, chairs
- Neighbor shared that in the past they wanted to put Hiawatha under ground but ground water was too polluted
- Public instruments
- Questions:
  - How connected to Greenway?
- Next steps:
  - Process of listening now
  - Advisory Committee will look at feedback
  - Bring ideas they have heard back to community
  - Finalize design

7:45 Adjourn
