Working process

- After approval of the sketch I start to render. Feel free to ask me to send you wips

- Amendments are possible, but not global, for example, I won't be able to replace the pose after the start of the render. Only if there was a misunderstanding on my part
- After I finish the work, I send a google drive link to the art in full size
- When discussing an idea of work, I can refuse it if I uncomfortable with it!
