Incident Report

Nature of Incident: Type-Blue Headpop.

Location of Incident: EZ Crossroads.

Personnel Involved: ECA Cain Morris, D-Class TB, MTF Omega-1.

Injuries / Casualties: Y.

Incident Description:

The recently made Ethics Committee Assistant Cain Morris, was patrolling around the site with MTF Omega-1 personnel and a second Ethics Committee Assistant. Cain's condition was obviously worsening and as he knew he would die he wanted to have one more look around the site. When they made it to the EZ Crossroads Cain asked if he could spend just one night with a woman his own age as he never really spoke to women his own age as he was in the foundation and he was the only child there. Once he asked this the other Ethics Committee Assistant put up his hand and the next thing, Cain flopped to the ground, now headless. He died on the spot. MTF Omega-1 instantly detained the Ethics Assistant who was later revealed to be a D-Class Type-Blue. This D-Class was later executed by MTF Omega-1 personnel. Someone said they would contact the older brother, Daemon Morris, who has recently entered Site Administration.

Signed:

Assistant Silas Creed
