Adding images to your site is always an
annoying process:

First you have to find relevant ones online...

THEN you have to edit them...

And after all this effort – images never bring
in any extra revenue for your business.

Until NOW!

==> See this revolutionary new image tech in action

You see, today is the day PicGraf launches.

PicGraf is an innovative new WP Plugin that takes care of all your headaches within SECONDS

[+] it has a built-in image curator, allowing you to harvest millions of images instantly based on your keywords

[+] it has a fully-fledged editor that earned the name of “Photoshop for WordPress”

AND MOST IMPORTANTLY

It has a new breakthrough tech that allows you to run any sort of marketing on TOP of your images, from opt-in forms to buy buttons and even live videos

MEANING

You’re finally monetizing your images and making money from them...

In fact – early tests have shown PicGraf sites can bring in THREE times the usual revenue through this special “Image Hacking”
