Provide a general synopsis of what the course/activity covered/contained.

The New Nice-Middleton Bridge (NNMB) project is a \$463 million design-build project that replaced the existing 1.9-mile two-lane bridge over the Potomac River between Maryland and Virginia. This project is one of MDTA's largest transportation initiatives to date and is MDTA's first use of the design-build delivery method, which provided significant benefits including significant time savings and design innovation. Learn how the Project Team advanced this project from design to construction in under three years!

Attach any documentation of participation: i.e. Certificate of Attendance/Completion, transcripts, handouts, tests, programs, outline, reports and other demonstrative evidence of attendance.
