

Zoom - Sharing your screen on a Mac

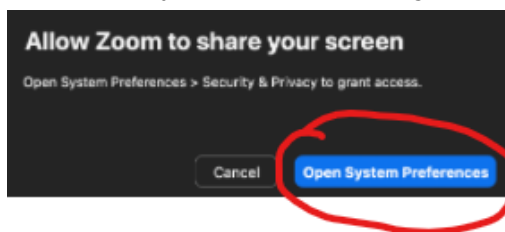

1. Click the "Share Screen" button in the Zoom toolbar.

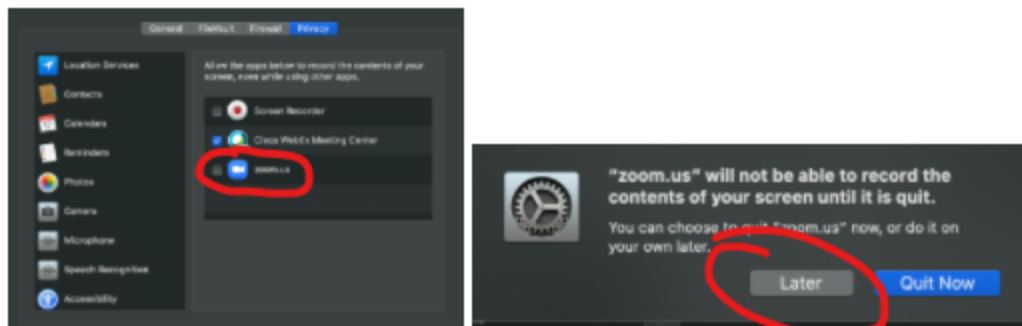

2. Select **Desktop** and click **Share**.

3. If you are asked to allow Zoom to share your screen, click **System Preferences**.

4. With Screen Recording highlighted in the left sidebar, **check the box next to Zoom.us** in the resulting pop-up window, it is ok to click "Later".

5. Then return to your Zoom meeting and you will be able to share your screen.
