Land Acknowledgement

We would like to acknowledge that we are meeting on the Indigenous lands of Turtle Island, the ancestral name for what now is called North America. Moreover, we would like to acknowledge and pay our respects to the Carrizo/Comacruz, Coahuiltecan, Caddo, Tonkawa, Comanche, Lipan Apache, Alabama-Coushatta, Kickapoo, Ysleta del Sur Pueblo, and all the American Indian and Indigenous Peoples and communities who have been or have become a part of these lands and territories in Texas.

September 23, 2020

Dear Interim President Designate Hartzell:

We, graduate and undergraduate students of the University of Texas at Austin, and community members/groups in the Central Texas area and beyond write in support of the petition sent to you on July 13, 2020, by the Miakan-Garza Band of the Coahuiltecan people, which demanded the return of the three Native American ancestral remains held by the Texas Archeological Research Laboratory (TARL) at The University of Texas at Austin. It is vital that these Indigenous ancestors be returned to the land and to their kin for proper burial. We support the Miakan-Garza band's claim to this right.

The Miakan-Garza Band's original request was made in 2016 and was refused again recently on July 7th, 2020, by Dr. Brian Roberts, director of TARL, denying them the return of their ancestors. His and UT's decision contradicts not only the Native American Graves Protection and Repatriation Act (NAGPRA), but it rejects both federal and state precedent, and we urge TARL to take action regarding the holding of these sacred remains.

You can review the original letter from the Miakan-Garza Band [here](#).

As people from across the globe, who come from different backgrounds, Indigenous and non-Indigenous communities, **we believe that:**

- The University of Texas at Austin as a flagship institution should lead decolonizing practices *with* and *for* Indigenous peoples and communities on campuses, both locally and internationally.

- Any educational use of these remains is inappropriate and at odds with The University of Texas's intellectual obligations to its students, faculty, staff, and the greater Austin community that it serves.
- Returning the ancestral human remains to the Miakan-Garza band is an historic opportunity to shift broader conversations around institutional responsibilities to Indigenous communities.

In addition, **we urge action on the following matters:**

- 1) That the ancestral human remains are repatriated or returned to the Miakan-Garza Band for reburial without further delay.
- 2) A timely return of the ancestral remains, including a plan and timeline of how and when the institution plans to execute the aforementioned request.
- 3) A commitment by The University of Texas to publicly acknowledge ongoing settler colonial legacies and practices, and a commitment to their dismantling as part of a larger reevaluation of its approach to diversity and inclusion.
- 4) A commitment and plan by the Texas Archeological Research Laboratory (TARL) to develop open dialogue and mutual exchange with Indigenous community members and elders.

We hope The University of Texas at Austin is up to the task of leading decolonizing practices and being on the right side of history on this matter. We, as students and community members urge you to reconsider your position and return the ancestral human remains to their kin so that they may begin their spiritual journey home. We leave you with these words from the Coahuiltecan ancestors:

minākuē malinē ax natamōx xām tzamōxu
 napīlam tamān xamīn tza nahāuh
 nakum xamīn hōi xagū tza nahāuh pāx tāp tāi

English Translation:

It is now time to return our spirits home to rest
 our people call on you to return our bodies
 we speak to you to work together for our bodies to return to Mother Earth
