Backdrop - it's a hot Summer's day and the Professor is scribbling away marking some assignments. An old student comes in quite unannounced and mentions she's graduating from college. They agree to have a drink together and reminisce on old times, after all she was the star student of his class. Things transpire as the alcohol flows and the little furtive glances that were exchanged back then turn out to have meant so much more...

SFX - You, the professor, are scribbling away, writing some notes related to some coursework and occasionally typing something on a computer

SFX - Some birds and nature sounds outside to indicate a sunny day

SFX - Knocking at the door

(wiping your brow with the heat and sigh outwards)

Come in.

SFX - Door opens and someone walks in and closes the door behind them

I'm nearly done for the day, so you'll have my full attention in about ten...**(cut off the sentence)**

(it's one of your old students, the listener)

Well, my, my. A sight for sore eyes.

SFX - Pushing wooden drawer back into your desk

SFX - shuffling around in your leather chair

What in the hell brings you back here?

Graduated? Nicely done.

Spill the sauce.

Full honors?

I don't want to immediately go snarky on you but no shit **(smirk)**

You always were the model student.

Oh come on who else in my class would've ripped through college so easily. It doesn't surprise me one bit.

Are you in town for a while?

Well alright.

SFX - Putting pen down and folding some paper

I was just doing some marking but I've always got time for a former student.

(slight pause)

Have a seat.

Let's catch up a little.

SFX - She sits down on the seat in front of your desk

(sigh)

(you mull over how much time has past) Graduating...

There's no fucking way.

Where did the time go?

It seems like yesterday you were in my final year group, in the front row just over there, yeah, you'd either have your head buried in a book or be paying attention more than everyone else in the class put together.

I don't know what it was you just always had this look about you whenever you were looking at the board or something I was pointing at.

Call it the professor's intuition.

(short pause as she asks if she can have a drink)

You want a drink?

You spotted mine...**(short smirk)**

I mean, it's not usually the school's policy to indulge that kind...

I guess, a former student, there's no rules *per se* around that.

What harm can it do?

I know you wouldn't let me go on it for the next hour if you couldn't get a sip too.

Alright, alright, you've got me, let's get a drink then. **(clap and rub your hands together)**

I've got whiskey, rum, bit of vodka. Some cokes in the fridge.

You need them on a day like this, I'm boiling my ass off by this window.

SFX - Walking over to the fridge on the far side of the room and opening it

Vodka? My kinda girl.

SFX - Picking up a coke from the fridge and closing it

When's the ceremony?

(SFX - All the following sounds are whilst the Voice Actor is still talking, so do them simultaneously with his talking/dialogue)

Two weeks to go. You got your dress and gown picked out?

SFX - Sounds of getting two glasses ready

SFX - Opening up the drawer and getting a bottle of vodka out

I'm invited? (laugh) I wish I could, but got a fortnight in the Caribbean booked out, needed the time away

SFX - Placing the vodka on the table and then opening it and

SFX - Sounds of pouring vodka into two glasses and then pouring in some fizzy coke

SFX - Handing the glass over to her.

You still keep up with your extra-curriculars?

Yeah like the sports, you remember all the hoop we did.

SFX - Taking a quick drink

I'm six foot five, I've got so much size on you sweetheart, don't even think about gobbing off about my performance on that court.

The number of times you'd try and rough me up.

Hmmm, it's a good job I always had a soft spot for you.

SFX - Drinking and putting the glass down on the desk
SFX - Recline back in the leather chair

Oh come on, you never knew. Yeah you were always my favourite. It wasn't even a fair contest, the brains, the looks, the personality, I always knew you were gonna get the A* in life.

Was I your favourite teacher?

No way...I heard everyone used to dig Mr. Swanson, with his green sweater and horn rimmed glasses, looking like a Cluedo character (laugh).

SFX - Another quick drink

SFX - You loosen your top button and collar a bit and sleeves

Hot damn, I needed this drink, it's so damn warm in here.

You know what I was thinking about just the other day?

That period I held Jeremy back just before you guys were leaving to college.

The fucker was 1 week away from finishing school and still managed to think setting off all the fire alarms during the head's speech was a solid idea.

It was like 5pm. You were doing some prep for college, math or something, I dunno.

He was trying to flirt with you so hard.

I've got eyes and ears, I know when a dude is trying it on, don't play dumb.

You were having none of it. What was it you said?

(short pause) Oh yeah, 'maybe if you hadn't hit every branch of the stupid tree on the way down, we could actually hold a civilised conversation'. **(laughing)**

You just started looking away from him, like he was a big boil on your toe.

But the thing was, you weren't just looking anywhere, it wasn't like you just zoned out.

You looked straight at me.

Held my gaze and neither of us broke it.

It was like this rush of...mmm...I dunno, something.

I know you felt it too.

I still think about that sometimes.

SFX - Taking a longer drink from the vodka/coke

So many things we used to do together.

I figured you'd get tired of the gamesmanship, what between the b-ball and the staring contests in class.

SFX - Taking a drink from the vodka

No?

You just got tired of playing with boys did you?

Mmmm. **(slightly longer pause)**

Another? **(offering another drink)**

SFX - Pouring out some vodka and pouring the coke in afterwards

SFX - Pushing a glass back across to her

I've got some time for sure.

I'm locking up today. No one's around.

SFX - Taking a quick sip from the new drink

Truth or dare? Always escalating aren't you?

You know what...

Alright, yeah let's have a little fun.

Shoot your shot young lady. I'm expecting some sharp barbs here. Anything less than my jaw on the floor I'm gonna be disappointed.

SFX - Taking a quick sip from the new drink

SFX - Nearly spit out your drink

What? **(she asked if you ever slept with a student)**

Alright, touche, you did come to play.

Who's asking, you or the vodka?

I don't buy it.

That's not the vodka talking. **(short laugh)**

I'd never sleep with a student, obviously, that's totally inappropriate.

SFX - Taking a quick sip from the new drink

(more muttered) Not a current one anyone.

My turn.

Truth.

You ever have a crush on a professor?

(short pause)

Wow.

Which one?

Really gonna make me guess?

Kirkpatrick?

Brown?

(more surprise) Crawford?

Damn, I'm all out of ideas, those are all the passably attractive professors at your college.

Better left unsaid I guess. Hmmm, you've got me wondering though.

SFX - Undoing some more shirt buttons

Fuck, this heat, I'm just gonna undo these shirt buttons a little more, don't freak out, it's just a little chest muscle on display.

Hit me with something. You've got me where you want me right?

Another truth, let's have it.

(SHE DOES ANOTHER TRUTH)

Do I wanna sleep with a student?

Oh come on we've already been over this, it's totally inapp...

Do I wanna sleep with an ex student?

(getting much more seductive)

You're really getting to some tough questions aren't you.

SFX - Taking another drink - longer this time

What if I told you yeah?

What if I told you there was one particular student who had occupied my thoughts for the last 4 years.

You might know her.

Yeah. I think you might.

Not a close friend necessarily, nor a former classmate.

(short smirk as she asks if it is her)

And what if I told you it was you, what are you gonna do about it you naughty girl?

In fact...

SFX - Leaning back in the leather chair

I dare **(emphasise the word)** you to do something about it. You're so insistent on playing games, we can start putting those words into action can't we?

SFX - She gets up from her chair and comes over to you slowly

SFX - Drinking the vodka

Giving me that glare isn't gonna change who has the power in this classroom kitten.

SFX - Sounds of handcuffs as she pulls them out of her handbag

(slight smile) Woah, woah, I may be two vodkas in but I'm still very aware of what those are...

Now, that's just not playing fair is it sweetie?

Where were you hiding those the whole time?

(deep rumbly murmuring) We can joke and kid around but...

I don't know if you know what you're getting yourself into here.

I'm a whole level up from the kind of boys you're used to.

A little girl is gonna get herself hurt if she's not careful.

SFX - Sounds of her coming nearer

(growling and murmuring) Fine...

Mmmm, you wanna play some grown up games, let's fucking do that shall we. Let's see what you can really handle.

SFX - Some sounds of clinking handcuffs together and cuffing your hands to the chair

Climb on top of me, slowly.

Keep your eyes on mine.

SFX - Some sounds of the leather as she mounts you

Is this what you were thinking about all that time at college?

Ignoring all those boring jocks and dumb skater boys for a shot at the professor you used to eye fuck and tempt every damn lesson?

(growling) You were *always* a tease.

(kissing her passionately) - 10 seconds

SFX - Some sounds of grabbing her hair and bringing her in closer

Always a hair flick or a lip bite away from me bending you over your desk and pulling your filthy little panties down for me to spank the temptation out of you. Watch you drip all over my floor.

(kissing her passionately) - 10 seconds

The number of times I could have had my way with you.

Fuck, you're still a little tease. Grinding on my lap like that.

(kissing her passionately) - 10 seconds

SFX - Some subtle sounds of clothing movement (not too loud) to indicate grinding

I bet...you're not wearing any panties.

Pull your skirt up and hold it.

SFX - Sounds of her lifting her skirt up

Show me how fucking wet you are.

God damn.

All those years of anticipation.

All those times I had to deny you from what you really wanted.

Mmmmm **(deep murmur of pleasure)**

Rub my cock through the pants. That's it.

You wanna ride me so fucking badly don't you? **(short laugh)**

Slowly. There's no rush.

We're gonna start with the outercourse.

I'll tell you exactly when you can put that cock inside your needy hole.

SFX - Some sounds of slight clothing movement (subtle and not too loud) as she humps you

Keep looking at me you little cocktease.

I never said stop.

SFX - Some sounds of slight clothing movement (subtle and not too loud) as she humps you

God damn, you hump me like such a bad girl.

Hands on my chest.

SFX - Some sounds of slight clothing movement (subtle and not too loud) as she humps you

Mmmm, such a good little slut.

(kissing her passionately) - 10 seconds

On your knees, pull the zipper down.

Fuck I'm so hard. I'm nearly bursting out.

Pull the boxers to the side.

SFX - Some more sounds of clothing manipulation and adjustment

Take it out slowly.

SFX - She takes your cock out of your pants

Run your hands on me first, lube me up, use your spit.

SFX - Some subtle sounds of wetness and movement as she gives you a handjob

Like that.

Mmmm, holy fuck.

Twist your hand at the top.

Stroke it.

SFX - Some subtle sounds of wetness and movement as she gives you a handjob

Good girl that's more like it.

All the things I could teach you about how to handle a cock. Mmmm, gets me even more excited.

Run your tongue up and down.

SFX - Some subtle sounds of her tongue on the cock

That's it.

Just..like that.

There's no rush right now.

In that pretty mouth.

Good girl.

Ease it in.

Mmmmm, fuck.

SFX - Blowjob sounds continuous through the next section

VA - Murmurs and deep moans and she starts blowing you

That mouth is so wet.

SFX - Blowjob sounds

VA - Murmurs and deep moans and she keeps blowing you

God almighty.

You can cuff me sweetie

But I'm always gonna call the shots.

And that includes putting that mouth to work.

Just where...it...needs to be.

SFX - Blowjob sounds

VA - Murmurs and deep moans and she keeps blowing you

Holy shit.

Lick the pre-cum off, let it dribble a bit.

Good girl.

SFX - Blowjob sounds

VA - Murmurs and deep moans and she keeps blowing you

You like the way professor fucking tastes don't you?

Messy girl.

Slap that cock on your face for me.

SFX - Some sounds of cock slapping on her face

Fuck yeah, I love it when you get filthy for me.

SFX - Blowjob sounds

VA - Murmurs and deep moans and she keeps blowing you

Stand back up.

SFX - Blowjob sounds stop

SFX - Sound of her coming off her knees and standing back up in heels

Oh my god, turn around, show me that pretty ass.

Mmmmm, fuck I want to spank the shit out of you.

Watch you squirm under my hand. **(smirk)**

(more whispered) I guess taking my hard cock all the way to the fucking hilt will have to do won't it.

Face the desk. Bend over.

Tease me, just the outercourse to start.

Run that clit along me slowly.

VA - murmurs and moans of appreciation as she teases you with the outside of her pussy

Yes.

Oh shit.

Keep rubbing.

VA - murmurs and moans of appreciation as she teases you with the outside of her pussy

Imagine what it's going to feel like.

Mmm fuck.

VA - murmurs and moans of appreciation as she teases you with the outside of her pussy

That clit is so wet.

So exposed.

I know you'd make me wanna cum like this (laugh), such a diligent student, you'd do anything to get your professor off wouldn't you? Any dirty girl antic I wanted you to.

Okay.

Settle down on it slowly. Keep your skirt lifted.

It turns me on even more seeing you in that skimpy little skirt, that bare and leaking pussy all mine under it.

SFX - Slow sound of insertion as she climbs on top of you.

Oh my god, yes, slide down.

Mmmm, shit.

You've gotta earn my cum sweetheart, you've gotta put the work in. Show me how you fucking bounce on it.

SFX - Sounds of light pounding as she starts riding you aggressively

VA - moans, murmurs, growls, groans, anything to indicate dominant fucking

Just like that. Ride me baby.

SFX - Sounds of light pounding as she keeps riding you aggressively

VA - moans, murmurs, growls, groans, anything to indicate dominant fucking

Nice and hard.

Look back at me whilst you do it.

See what you do to me.

SFX - Sounds of light pounding as she keeps riding you aggressively

VA - moans, murmurs, growls, groans, anything to indicate dominant fucking

(growl)

Get the cuffs off, I'm gonna need these hands.

SFX - Sounds of handcuffs being undone

SFX - You stand up from the chair.

SFX - Taking pants off fully and underwear off

'What for'?

Well just to hold you **(wrestling with her and pushing her down onto the desk)**

SFX - Sounds of grappling and manipulation as you push her down on the desk

in place.

Keep the skirt up, you just look in the mirror and see what I fucking do to you. **(loud growl)**

SFX - Hard and fast pounding - 10 seconds

VA - moans, murmurs, growls, groans, anything to indicate dominant fucking

SFX - Even Harder and fast pounding - 10 seconds

VA - moans, murmurs, growls, groans, anything to indicate dominant fucking

Trying to grab my hands again?

What gives you the fucking right to determine how this is gonna go? In my classroom.

SFX - Slap on her face and hard spank

What's that?

You wanna cum?

Oh, I don't think that's gonna be an issue for long sweetie.

SFX - Even Harder and fast pounding - 10 seconds

(improv to loud, dominant and passionate orgasm - make sure it lasts a good 15-20 seconds and the passion is in your voice)

Mmmm, oh my god.

It's sensitive baby, ease up a touch **(laughing)**

Oh wow.

SFX - Blowjob sounds stop

Holy hell.

Fuck, I nearly busted a lung, you're paying if I do. **(short laugh)**

Sit in my lap. There you go.

SFX - Some sounds of chair re-adjustment as she sits on your lap

Good girl.

That was amazing.

I always knew you were the perfect student but wow, that was something else.

SFX - Some sounds of gentle caressing

IMPROV the aftercare for 4-5 minutes - gentle soothing and bringing her down from the highs of the sex. Lots of deep and gentle murmuring and quietly purring to her/loving/affection

Example phrases - 'Good girl, 'I've got you', 'Perfect girl', 'You did so well for me'

I don't know what your plans are whilst your back in town but it would be a damn shame if we couldn't arrange a proper date somewhere sometime.

I think you'd like that wouldn't you?

Yeah?

(kiss)

The Italian downtown is the 'it' spot at the moment, maybe we can upstage all the influencers and do a few duck pout selfies.

Sounds like a plan.

Hmmm

(kissing again slowly - 10 seconds)

I'll put it in the calendar.

(kiss)
