

Privacy Policy for TV Remote - Smart Universal

Last updated: July 10, 2026

This Privacy Policy explains how **TV Remote - Smart Universal** ("App") collects, uses, and protects information when you use our application.

1. Information We Do Not Collect

We do **not** collect, store, or sell any personally identifiable information, including:

- Your name
- Email address
- Phone number
- Home address
- Login credentials or passwords
- Photos, videos, or personal files stored on your device
- Precise location information

The App does not require user registration or account creation.

2. Information We May Collect

To improve app quality and reliability, we may collect limited, non-personal information such as:

- Device model
- Operating system version
- App version
- Crash reports
- Performance diagnostics
- Anonymous usage statistics

This information cannot be used to identify you personally.

3. How We Use Information

The limited information collected is used solely to:

- Improve app stability
- Fix bugs and crashes
- Enhance performance

- Improve user experience
- Maintain compatibility with supported TV devices

We do **not** sell, rent, or share your personal information with third parties.

4. Permissions Used

The App may request the following permissions:

Nearby Devices / Local Network

- To discover and connect to compatible Smart TVs on your local Wi-Fi network.

Network Access

- To communicate with supported Smart TVs over the same Wi-Fi network.

These permissions are used only to provide the remote control functionality.

5. Smart TV Connection

The App communicates directly with compatible Smart TVs over your local network.

- Connections are initiated by the user.
- We do not monitor or record your TV activity.
- We do not store information about your connected TVs on our servers.

6. Third-Party Services

The App may use trusted third-party services, including:

- Google Firebase Analytics
- Firebase Crashlytics
- Google AdMob

These services may collect anonymous device identifiers or diagnostic information in accordance with their own privacy policies.

7. Data Security

We take reasonable technical and organizational measures to protect user information.

- No personal information is stored on our servers.
- TV communication occurs over your local network whenever possible.
- Anonymous analytics are used only for improving the App.

8. Children's Privacy

This App is not intended for children under the age of 13.

We do not knowingly collect personal information from children.

9. Changes to This Privacy Policy

We may update this Privacy Policy from time to time.

Any changes will be posted on our official website or within the App. Continued use of the App after updates constitutes acceptance of the revised Privacy Policy.

10. Contact Us

If you have any questions regarding this Privacy Policy, please contact us through our official support channel.
