

we're going to get right back where we left off last week and it's going to be a wonderful study about Joy comes in the morning now I just would like to try to back up just a little and basically take what we're trying to present to you we believe that Yahweh has a plan to reconcile mankind We Believe Yahweh has a plan to reconcile all of creation it is our belief that Yahweh has no plans to destroy the Earth to destroy mankind we believe it is his plan to redeem restore and reconcile the Apostle Paul calls us the ministers of reconciliation that's what we're called the ministers of reconciliation and that's what we need to become our message if you would like to know this Doctrine we refer to it as the reconciliation message and this is a message you need to get in your spirit that one day the father is going to use you to reconcile his creation to make all wrongs right everything that's upside down to put it right side up that day is coming with the manifestation of the sons of God if you would get that Vision in your heart you would become a better believer

and you would and if we're going to get into some things today that it's going to dig deep in some of you but I need you to take it all to heart and know that Yahweh is training you now for what he's going to do with you then amen sister silcox go right ahead does that include when you said restoration does that include uh you know the Earth is going to be basically had this uh it's going to be torn apart from uh atomic bombs and things like that right so in that reconciliation is the Reconstruction going to be done by us or oh yes oh okay

no it will all be done by the sun remember Sister Tony the Bible says creation why don't we read that scripture real quickly and and this needs to become a scripture that y'all keep in your mind day and night night and day let's look it up real quick uh is Romans 8 and 19. it's one of my favorite verses in the Bible everyone needs to know that all of creation is waiting not for Yeshua that is something when I say that people don't know how to take that but we are so focused on the coming of yahshua and we should be that's a wonderful

thing but we lose sight of who is the creation is really waiting on let's read it Elder Morgan if you have it and thank you brother you're the earnest expectation for the earnest expectation of the creature which wadeth for the manifestation of the sons of Yahweh the creation is waiting for what somebody answered that for me manifestations amen it doesn't say they're waiting it doesn't say they're waiting for Yeshua isn't that something think about that amen now they're they're not waiting for yahshua but yet they are because he is

one of the sons a man did you hear me he's the elder brother Hallelujah and so you and I must know that creation's waiting for us to get it together before we can get creation together we have to get the church together we have to get ourselves holy before the Lord So today we're going to pick up where we left off last week I did not see Aaron and Jan Meadows here today they're here there they are okay they was close to getting chewed out Hallelujah [Laughter] they know I'm playing Hallelujah all right let's pull up our screen I need screen

sharing sister Hallelujah we left off last week introducing you to the concept of the law of Jubilee for you to understand what Yahweh is doing in the earth and what he's going to do everything goes back to Torah everything the problem that we all have in Christianity is we start reading the Bible in Matthew and what what happens if you don't know Torah front to back the spirit of Torah the concepts of Torah then you will get all your other doctrines wrong and one of the things in Torah that we know so little about is the law of Jubilee now real quickly Jubilee simply means 50 every Pentecost 50 the Year of Jubilee is every 50 years and you need to learn about this because this is what Yahweh is preparing to bring to the Earth is the great Jubilee and we're going to learn about that Jubilee today even more you've got to become immersed in this doctrine of jubilees because this is what Yahweh is going to do again what he's already done praise the Lord let's see slideshow from this current slide all right let's pick up where we left off let's go to the Book of Matthew chapter 18 verse 21. and I'm going to show you the law of Jubilee in the New Testament and most people miss it they've read this verse a thousand times and they don't know

what it's referring to go right ahead Matthew 18 and 21. then came Peter to him and said Lord how often shall my brother sin against me and I forgive him he said till seven times Paul's right there why would Peter say seven times now this is important why wouldn't he say if I would have been talking to the Lord I would have said how many times should I forgive my brother more than once more than twice but why did Peter say seven times because Peter understands the Sabbath day Peter understands that the Sabbath day is a symbol of rest and he understands it is a symbol of forgiveness it is a symbol of the Sabbath day but there's something Peter was not thinking about when he said that Yeshua is going to correct him right now read yahshua said unto him I say not unto thee until seven times but until Seventy Times Seven amen that is the law of

blessed time that I want to teach you about real quick now the law of blessed time was that verse 22 as well yes sir okay is that your rooster crowing yes yes sir okay he knows it's the Sabbath day Hallelujah the law of blessed time governs God it governs God Yahweh it governs his patience his forgiveness and his grace because of this law of blessed time Yahweh does not strike people dead immediately when they sin now how does this line up with Jubilee because 70 times 7 is the number 490.

that is a period of 10 jubilees every 50 49 years is what it boils down to times 10 is 490 okay so every 49 years is a Year of Jubilee this is the basic measurement in long-term Bible prophecy we can read about it three times in the Bible Genesis 4 24 read that Elder sorry Genesis 4 24. and xyla or I'm sorry if Cain shall be Avenged seven Sevenfold truly limit 70 and Sevenfold there we go Yahweh is bound by the law of Jubilee 490 70 times seven you're going to learn

some stuff today so don't think please don't overlook these numbers because Yahweh I want to ask all of you a question Yahweh commands you to forgive according to the law of Jubilee but you expect that he's not going to forgive according to the law of Jubilee do you think he demands anything of you that he's not going to give creation himself amen I really want you to think about this Matthew 18 22 and you'll find this principle of seven times seven all through the scripture when it comes to forgiveness read Jesus saith unto him I say not unto thee

until seven times but until Seventy Times Seven Daniel chapter 9 verse 24 all of history is measured in the Jubilee Cycles always remember that when you study your Bible That's the basis of God's prophetic calendar the final creation you believe is the goal of history and the subject of Prophecy put that in your notes the ultimate goal of Yahweh is the creation Jubilee we just read about creation's Jubilee in Romans all of creation is waiting for what they're waiting for the Jubilee to set them free ain't nobody hearing me now so I'm gonna

have to try better uh wake up because I'm giving you stuff never heard before okay good pastor creation is waiting for their Jubilee they're waiting for their debts to be canceled they're waiting for all of their sins to be forgiven so that the shackles can fall off of all of creation Hallelujah they're waiting for their Jubilee hallelujah oh praise the name of Yahweh amen amen and you have to become a minister of a jubilee spirit and I'm fixing to get into that in a minute read Daniel 9 24.

70 weeks are determined upon thy people and upon thy Holy City to finish the transgression and to make an end of sins and to make reconciliation for iniquity oh shy 70 weeks 70 weeks that's 497 times 7 that's 490 and what's going to happen at the end at that Jubilee cycle there's going to be an end of sin and what else reconciliation amen foreign read it read it again it's powerful to finish transgression and to make an end of sins and to make reconciliation for iniquity you have to bring bring in Everlasting righteousness did you hear it

even 90. will bring in the final Jubilee of all creation it happens at 490. 70 weeks of seven days is 490 creation is waiting for the Jubilee and until this message came along we knew nothing about Jubilee we had no concept of Jubilee and therefore we doomed creation when in fact it's the total opposite if you know the word of God hallelujah hallelujah hallelujah at the end of that 490 or that 70 weeks of Daniel and by the way I did a long teaching on the 70 weeks of Daniel it's available somewhere

on fhtv at the end of that 70 weeks the very first thing that will manifest will be the Overcomers the sons of Yahweh not the church you need to know how this is going to work the church stays in the grave for a thousand years why because they are 30-fold believers that cannot be trusted amen yes they are saved yes they are Redeemed by the blood no they're not going to hell that's right but Yahweh couldn't even trust them to show up for the Sabbath he couldn't even trust them to give their tithe he couldn't trust them to be faithful in a few things now that scripture might make sense to you Faithful in a few things in other words what I've asked you to be faithful in now does it compare to what I'm going to need you to be faithful in then the tool of time has been preparing you in faithfulness I want to say something to every single one of you when you load up your vehicles in four weeks when you take money that you really don't have whenever you load up in the choir case all 10 of those youngins and one more on

the way in a small RV when you come and put up your sukka by the way I pray everyone brings a little pop-up tent this year to set outside your RVs and your chalets and your build your own your family needs to build their own sukkah this year um when you do that you are being faithful to the Commandment I realize some of you cannot come your spouses don't allow it your health don't allow it I understand to everyone else faithfulness is earning you the first resurrection it is not earning you salvation I need to make that plain

nothing you will ever do can earn you salvation nothing but we're not talking about salvation we're talking about what you never learned in church Rewards amen that's something they never taught us in church was Rewards brothers and sisters if you ever get this message in your heart if you ever get it in your heart you will become a minister of reconciliation you will practice now Seventy Times Seven hallelujah hallelujah amen after the sons of God are resurrected then the church will come up a thousand years later and all of creation will be freed into the Glorious Liberty of the children of God but Paul says every man will come up in his own order amen So today we're learning about the 490 times that is the law of blessed time Jubilee the tool of time is designed to teach us the father's mind and his heart listen to me if my Ministry teaches you guys the law only then I have done you more disservice than your old church did if you've only learned the law then I've turned you into a Pharisee okay

your job is not to just know the letter of the law because the Bible said the letter of the law does what it kills everybody it touches the spirit give it life Hallelujah you have to know the mind of Yahweh the heart the inner desire of Yahweh or else you will take the law and you will use it as a weapon against mankind for not keeping it you will judge your fellow Christians for not keeping it you will condemn them but when you get the heart of Yahweh you just pity them you don't condemn them you pity them amen because they've not seen this

lifestyle this glorious way of living and this is nothing for us to take pride in it is something for us to take heart in and to be thankful that for whatever reason The Father revealed his Torah to us you've got to learn the heart of God and the Heart of God is Jubilee the heart of God is reconciliation not destruction not damnation so brother Vaughn what's all those scriptures in the Bible about fire and destruction we're going to get there I think we're going to get there today if I can get there but I think

we're going to finally get to all of that today let's go read Matthew 18. 21. then before you do it if you don't learn this parable you have not learned the heart of Yahweh you have learned the law but you have not learned the spirit what does that mean the spirit of the law what is your spirit everybody I've taught you a million times your spirit is your mind what do we do in our mind we think amen so when I say you have to know the spirit of the law you have to know what Yahweh was thinking when he gave that law amen that's good what was his

purpose to accomplish otherwise you'll go out and stone your children unless you know what was Yahweh thinking that's called the intent of the law do you know I have to do that when I study the Constitution I do

I have to I cannot read the Constitution in the year 2023. why it wasn't written in 2023. it was written in 1776.

or five actually sorry the men that wrote it hadn't they had an intent behind the words of 1775. that we may not even know the meaning of those words today so my job as a student of the Constitution I have to go and study to find out what those founding fathers the way they were thinking and that's what you have to do you have to become to know the mind of Yahweh you can only do that by the Holy Spirit the holy mind when the spirit comes in you're not so focused on the letter of the law as you are the intent of the law

if I can't teach you this I have failed we are not focused on the minutia and the detail we are focused on what was God saying to us in that law amen and we all have to search his heart so right now I want to show you his heart it was revealed in his son let's read it then Peter came to him and asked teacher how often shall my brother sin against me and I forgive him for seven times yahshua said to him I do not say to you for seven times but for Seventy Times Seven for this reason the kingdom of Yahweh is like a certain King who wanted to bring

his his accounts with his servants up today all right now yahshua is about to teach you all the parable of the Jubilee he's about to teach you in this parable what you have to become to be in the first resurrection you have to take on the heart of Yahweh the mind of Yahweh and that is not destruction let's read about this King and what Yeshua is teaching us and when he began to take accounting one was brought to him who owed him ten thousand talents but since he was not able to pay his ruler commanded him to be sold with his

wife his children and everything that he possessed all right uh brothers and sisters what are we already referring back to already about selling if you can't pay we're already going back to Torah yahshua is taking us to the Jubilee amen okay he's telling about a king that had a servant that owed a debt I taught you a few weeks ago that sin is considered a what a debt and every one of us owed a debt keep reading and that the servant fell down before him saying ruler have patience with me I will pay you everything then the ruler of that servant took pity on him let him go and forgave him the debt but the same servant as he went out found one of his fellow servants who owed him a hundred Denari he grabbed him by the throat and said Pay me that you owe me then his fellow servant fell down at his feet and earnestly begged him saying have patience with me and I will pay you everything but he would not instead he had put him into prison until he should pay the debt when his fellow servants saw what had take what had taken place they were

deeply distressed and went and told their Ruler all that he had done then his ruler after he had summoned him and said to him you Wicked servant I forgave you all the debt because you implored me and should you not have pity on your fellow servant just as I had pity on you and his ruler was angry and handed him over to the examiners until he should pay all that he owed so also will my heavenly father deal with you if you do not forgive your brothers his trespasses every every one of you with all your heart in other words here's how it goes the father forgave me of my sin the debt that I owed him but someone has done me wrong and they owe me an apology or I will not forgive them I'll just let that percolate a minute or two amen that's the Lord's Prayer amen that's right if you if you don't learn forgiveness you need to never attend another Sabbath service amen amen because you act like you're obeying the law and you have missed out on the entire law amen the spirit of the law the law of Jubilee hallelujah it's all wrapped in forgiveness Hallelujah

here's what he said listen to me now I'm telling you it's about to get so deep in here some of you ain't going to be able to swim because you think you're a Sabbath keeper but if you've kept one thing in your heart against anybody you have forsaken the whole law because you were forgiven a debt I saw a post on somebody's Facebook the other day and it said be careful how you let people treat you or they'll think they

can get by with it that is witchcraft who do you remember who Do You Think You Are that you deserve to be treated good

no who Do You Think You Are you think you're special you think that you deserve for no one to owe you a debt amen oh my God help me when I saw that I said to myself wait a minute how should I let people treat me I don't know I'm supposed to be a brother of Yeshua so how did they treat yahshua come on if you're not willing to be crucified with Christ there it is you're not worthy of Christ brothers and sisters they owe you an apology that's a debt they owe you right is that right they owe you a debt they sinned against you they owe you a debt and you know what you're not going to forgive them until they grovel in the dirt um the Lord said you Wicked servant I forgave you I forgave you amen I forgave you and you won't forgive them he said you know what I'm going to take my forgiveness back that's exactly what he said do you know the Bible said when you go to the altar to pray to God and you have anything in your heart against a brother or sister he will not even hear your prayer that's why the Bible said if a husband and wife are arguing their prayers are

hindered God don't even hear them why you've not learned the law of the Jubilee this is truth amen thank you sister Sandra we all must become ministers of reconciliation I want to tell everybody in this room something right now if you've ever run me down been in your little private text and chats I know I've people send me screenshots of y'all's little chat groups all the time got one yesterday I know who's in there don't think I don't amen I want to tell all of you something you're forgiven you're forgiven Hallelujah I hold nothing in my heart against any of you because you know what I've been forgiven of a great man I said I've been forgiven of a great debt you don't owe me anything I love you and you must all get that in your heart brother Vaughn they hurt me and you hurt the Lord amen grow up y'all this message is real we're not here trying to turn you into messianics we're trying to turn you into yahshua hallelujah hallelujah we we must get go ahead can we see you on the big screen when you're talking to us like oh I'm sorry I didn't explain oh thank you okay thank you I think it would be more magnifying oh okay I'm sorry thank you for letting me know that I didn't realize y'all couldn't see me I'm sitting here looking at the camera like y'all can all see me Hallelujah all right there we go is that better amen can you not see me still you're good okay we can see you all right every one of you in this class today somebody owes you a debt I know a situation a member of our church right now somebody left and abandoned some property and left it in Great disarray

they now owe a debt to this member of our church that member of our church has to make a decision today whether to hold that debt in their heart against that person or forgive the debt amen Pastor Ron go right ahead you know you just said something that I I know I think it's part of me but I've never realized it was said ever and it's it's been in the word the whole time it said forgive with all all you got if it takes you fasting if it takes everything you've got if it takes Every Breath You got the the word said forgive with all if you have forgiven then there's something left in you that that still has a heartbeat in it and you haven't gone all the way it takes amen your whole life to forgive then that's what it takes 17 minutes amen amen 70 times seven Elder 70 times 7. Jubilee it got so deep amen it got so deep because it was like okay I forgive you no that's not it you've got you still got a hurt in your heart you still got anything in your heart that says I'm not free from this you didn't go to all you can just go to the Deep depth of it

I I have never seen that like that before you know what else you know what you stop everything with your life and you get to a place where you are clear of this matter Hallelujah if it hurts you if it makes you go hungry if it makes you cry and lose everything you've got it said forgive with all amen wow 70 times seven meaning all debts are cleared all debts are clear does somebody owe you remember if you don't clear their debt you are like that Wicked servant that received forgiveness does anybody in here really think you deserved

forgiveness from God you know the things you've done in your life but you don't owe him anything he get he cleared the debt 70 times seven he gave you the Jubilee and and brothers and sisters you have to

become Ministers of the Jubilee you literally have to forgive the debt you know all my life I've never understood why Yahweh allowed me to be born in such horrendous circumstances bad circumstances a mother that honestly did not want me and that's that's just the truth that means she wasn't a good person she was too young she just gave me away

all of my life in the back of my mind my mother owed me a debt she was indebted to me in my mind and that turns you into a victim anytime someone owes you a debt you become the victim don't you that's just the way it goes if I owe you Sister Baker a thousand dollars and I don't pay you I've made you a victim of my crime the way you become a victim is if there's still a debt owed to you I don't feel like nobody's listen if anybody owe you a debt you you are a victim my mother I felt like owed me a debt I feel I felt like my mother owed me a

debt and I went through all my teenage years feeling sorry for myself because and the truth is she did owe me a debt that's the truth she threw me to the wolves I'd have never been molested I'd never if I'd had parents there I felt like they both owed me a debt and I went through my life my teenage years feeling sorry for myself and you know what uh sister Meadows rightly so I had a reason to feel sorry for myself I was done wrong I mean come on who in the world doesn't get to experience the joy of a mother's love if you don't have nothing else you

know mama loves you I'm one of the few people that's never experienced a mother's love ever I'm one of the few people that never knew where home was even to this day home as headquarters for me now but I never knew where home was my dad owed me a debt and one day after I got out of prison the Holy Ghost taught me about this law of Jubilee that I'm teaching you about today and said you have to decide to make people debt free in your life I'm going to anoint you with the spirit of Jubilee you're going to forget see take the word

forgive out because that's a generic word and replace it with the word debt free you have no debt with me the record is clear I'm no longer your victim because you no longer owe me anything I forgive you and I move on with my life from this day forward no one's indebted to me even though you may owe me an apology you may oh you don't owe me nothing because I'm Anointed with the spirit of Jubilee I'm a minister of reconciliation the debt is clear some of you watching me today you need to become a debt clearer today

you there are people that owe you there are people that have stolen from you there are people that got by with it and you wonder why God allowed it did you ever think maybe he needed there to be a debt owed to you so you would have the opportunity to forgive a debt [Music] you could become a minister of the Jubilee glory to God some of you have ex-spouses that took everything let them have it forgive the debt forgive it so that you're not like this wicked servant that received forgiveness but could not give it but brother Vaughn I didn't say you got to go crawl in bed with him I didn't say you got to hang out with them I didn't say yo if you know y'all can't get along but you've got to forgive the debt you got to forgive it you got to say I love you from a distance and you know what if you need me I'm there but I love you too much to hang out with you because you know but I I don't ever want you to be indebted to me again I forgive you and some of y'all need to send a message to somebody and all it needs to say is the debt is clear Hallelujah the debt is clear the debt is clear the debt is clear amen we've got a few hands up go ahead sister Renee unmute yourself go ahead okay um thinking I've forgiven hoping I have forgiven does not necessarily mean that those thoughts don't come through your mind again well they'll always they'll always come through your mind always so you you hear forgive and forget yes you forgive and you don't attempt to remember it against them anymore but here's what that means let me break it down forgive and forget

it's impossible for the mind to ever forget here's what that means you never try to collect on the debt amen amen you never tried to collect on the debt forgiven forgotten it'll always come back to your mind you know but you have to always say to yourself I'm not a victim nobody owes me anything I'm forgive oh

they do owe me but they don't I I am choosing to be more than a Sabbath keeper I'm choosing not to be a Record Keeper Hallelujah and that sets me free I'm free you know what you don't even have to pop well I will if they ask me to you don't

even have to I just decide today to clear the debt that way I can be like yahshua sister Sandra brawler Hallelujah uh this is a real wonderful teaching I thank you it's concerning forgiveness the thing that is kind of a backwards thing but I think sometimes people have a difficult time forgiving others because there's something in their life that they think they don't really that they didn't really need forgiveness for so that they're they hold something so then they're they hold that thing in their heart so then when it comes to

forgiving others freely there's there's an area that prevents them from doing that yes I don't know exactly how to put that into words I'll put I'll put it into words I think it can help even more they don't sit they don't see that they owe the debt yeah understand they don't they don't work they don't reckon sin as debt and that is a mind-altering concept you have to see sin as debt it is a debt that you owe the old song said He Paid a Debt he did not owe I owed a debt I could not pay I needed someone to wash my sins

away your sins are a debt do you know that if you have wronged anybody that you owe them a debt they can now they have a ledger hey people's got a ledger they keep up with the debts trust me but I'm thinking like like they look like at the Commandments and they look at maybe they look down at the one that says thou shall not murder okay and they think well I'm better I don't do that so I really that I just don't need to be forgiven for that but in reality we broke them all check their text messages and see how many people they've murdered right and then so forgiveness our forgiveness is for who we are we're a lost creature so God has to forgive us everything I he when he forgives us it's not for part of The Commandments it's for all we have broken everything we are worthy of death so when we look at our fellow man what have they done then that we haven't done that we can't forgive now and you know what it is I'm telling you sister Sandra we do not understand debt and we don't understand that our Ledger every one of you listening to me right

now has got a lecture every one of you it pops up back in your mind when that person does it again you go back to The Ledger and you remember hey you owe me if you want to come up in the first resurrection you've got to become a jubilee minister and and see this is what separates the Overcomer from the believer Christians don't have to forgive Overcomers do Christians can get by with 30-fold but if you're going to be an overcomer can I tell you why you've got to clear the debt sister Aaron Meadows when you come up in the first

resurrection you're going to be given authority over everyone that owes you a debt and you're going to have great power in your new body yeah my God why do you think judges have to recuse themselves from people that owe them debts so that they can judge properly when you come up in the resurrection your ex-husband your ex-boyfriends you're going to judge them the Bible says that and if they've got a debt on your books it ain't gonna be good for them so the father checks to make sure you have the ability to clear all debts

that's how you get delivered from Hallelujah clear the debts today learn this law of Jubilee why because there's going to come a day called the millennial Reign when all debts are going to be cleared automatically even for those that didn't ask for it amen those that didn't apologize those that did There's coming a day where you're going to be part of the Jubilee amen go ahead sister Camry hey Pastor shabbat shalom shalom yo I honestly this this teaching resonates with me so much Pastor because I think holding grudges and not forgiving people

is just a complete waste of energy so it's like you you're totally matching My Philosophy basically I've always had it in me where I just want to forgive people and just like not have them owe me anything because like who am I you know like that's just how I think about it so I just want to thank you for that you're welcome sister Camry what if uh and I'll ask this to everybody okay what if one of one of you in this

room thinks I've done you wrong well here's what happens if you feel like I've done you wrong you know you tell a few people

your prayer Partners that's all you just want them to pray while you tell them everything I Did You Wrong um and then you say well you know if he may if he you know if he comes and makes it right then maybe I can see that's not Jubilee that's 30-fold stuff yeah that's 30-fold stuff Jubilee says you know what Lord my pastor I feel like did me wrong so I want to be a hundredfold believer I want to clear his debt right now and the next time I see him it'll be like he never did anything wrong to me that debt is cleared I'm teaching something today very few of you will be able to do because very few of you will make the first resurrection if you're not careful you want to brag about being a law keeper and you don't even know the law the two what did yahshua say the two greatest is what come on you know if you don't get this you can't get that because this law is teaching you how to love your neighbor for example Thou shalt not covet what does that mean you don't you don't put a ledger up of what they've got that you want there's no debts

nobody owes you anything sister Rhonda Connor um how do you expect I'm asking this because this question was asked to me we are expected to repent and ask Yahweh for forgiveness so what about the people okay that's the difference I follow your questions one needs to give them that apology how do you explain all right okay here's the problem that right there is not the Jubilee right now many of us have asked yahshua to forgive us right but in the Jubilee I'm fixing to read to you where the slave that did not have a

redeemer he never even asked for forgiveness is going to be forgiven in the Jubilee brother now what you just said sister Rana sister Rhonda is what Peter thought seven times but Peter thought how many times do I forgive my brother you know if he asked me to forgive him seven times do I see that is thirty-fold Christianity but yeah I say unto you there's a gift that's not not human and it requires no apology it requires no would you please forgive me it doesn't require it's the Jubilee forgiveness and you must become that Jubilee person

that says you know what the debt's clear the debt is you don't even have to at you're free debt's gone that's an anointing that will rest upon the first resurrection company of believers and you know what I I Promise You Lord help me to say this without any Pride at all I have that ability I promise you you can ask people that live with me that get around me if you could see what people do to me the people I helped the most and I promise you before the god of Heaven I put my hand on the word of Yahweh I they can walk back into my it would be

as if nothing ever happened amen amen amen I forgave the debt how do we how do we help these that can't forgive these debts because they have got to have that apology have got to see someone else that's carnality this happens they'll never make the first resurrection that's human stuff hey I want to ask all of you a question humans humans forgive people that ask to be forgiven Overcomers forgive people that don't even know how to ask hallelujah it's an automatic thing that comes through Hallelujah that's human stuff everybody say I don't want to be a

human I want to be a son of Yahweh Elohim the Bible said while we were yet sinners Christ died for us amen there was none of you asking him for forgiveness when he died on the cross he went ahead and forgave the debt before you ever ask hallelujah oh Hallelujah Glory this is a narrow way I'm telling you this is a narrow way already we calling out some people already why it's a narrow way you gotta forgive if you plan to rule over people if not you know how you'll rule over them out of a carnal mind amen sister Meadows

good morning Pastor let's let's mute everybody except for sister Jan pardon me go right ahead oh uh good morning Pastor I was um uh when you were saying that Yeshua was the ultimate Overcomer and you think about when he was on the cross and the Greek word is to tell style to telstai which means it's finished it the debt has been paid in Hallelujah paid in full is like you took us have you ever seen those

stamps and they they stamp your receipt paid in full and um he it's amazing that that the things that had been done to

him and he was able to say you know what there comes an end to this and it's coming right now foreign that's that word to tell story I love that word and um when I was growing up I lived in a uh with a father who um and I loved my father but my father you never it was like um I remember when I was growing up if I could just figure out how much money my dad had spent on me and just write him a check and give it to me because it was always held over okay this is what I've given you and you don't deserve it and you'll never be

able to pay me back and it was just constantly like that and then I married a man who was exactly the opposite man wow wow wow I would remember asking my husband if it was okay for me to do something he goes man we're we're together in this you can do what you need to do and it was it was such freedom and and Liberty in that and knowing that uh somebody wasn't holding that debt over me and so it's it goes both ways yeah need to walk in that Liberty of being paid off in full nothing's nothing's worse than um than feeling like you're

in debt that's why that's why we're supposed to be lenders and not oh Hallelujah I like that yes yes we're not supposed to be in debt we're supposed to have our debts paid off personally so that we can be a blessing to other people so anyway sister Jan that is so good because here's why we all want to be debt free right that's everybody's goal but that's a human goal I believe an Overcomers goal is that no one owes me any debt right amen and now we're debt free on both ends well I love you know I didn't know that that's what that

word meant it is finished I mean I I didn't know that word so I appreciate that knowledge we all need a stamp don't we in our hands amen not here's what happens sister Jan you'll go to church and you'll say in your mind that person did me wrong and uh they haven't even asked me to forgive them that so immature because now the next time sister Jan that person says the least thing that sets you off and it may not even be nothing really bad but it brings up all the old debts and uh that's what we all have to be careful of I wish everybody would say

right now it is finished Hallelujah it is finished it is finished for everyone in my life it is finished it's paid it's paid amen sister Janelle Brown this is good I I resonated with it with everything everyone said especially sister Sandra and you were saying I think it was you that was saying how do we help people they can't you know the best thing that ever happened to me I got the Father's Love message from Jack Frost back in 2000.

and he helped me see barriers to that love and we took I repented of those barriers they were mostly just false beliefs that my parents taught me it sounded really good oh you must be excellent oh no not just excellent you got to be number one and that keeps you from seeing where you're not number one and when I when I started experiencing Father's Love I mean daily daily when I did that it made me able to come to him and say Father Judge Me show me where I'm lacking and he did but I didn't have to worry about it because I knew he he was the

judge that was my father it's really good to have the judge be your father who sits on the bench that loves you yes and so I think the best thing you can do is just to ask him show me everything that is hindering my receiving your love because when I receive your love I can you can tell me anything and he's told me some pretty gross things use the word filthy someone challenged me no a born-again Christian can't be filthy I said then go read second Corinthians amen that we must take care of of the filter the filthiness of our

flesh and guess what spirit not just your flesh yes flesh I got spirit is a whole other thing there are things that are hidden in there and it's made me willing to say father reveal it and did he ever do it but you know what I've prospered by it I haven't felt I haven't felt down and depressed I felt encouraged because I know

he's forgiven me amen amen sister Janelle what a feeling that is what a freedom that is I want to I want to balance that out what I've been teaching real quick so why should you and I ask people for forgiveness brother Vaughn if you're saying we should just automatically forgive everybody I'm going to explain why on the other side if you recognize your debts forgive us our debts if you recognize you owe someone an apology if you if you don't repent to them you are entitled in your mind you think you don't owe them a debt that makes you entitled that makes you worse than them so we as Overcomers choose to forgive those that never ask for forgiveness but we will never be those people that don't ask for forgiveness do you understand

what I'm trying to say on both sides if we have wronged somebody we can't just say Well they're supposed to forgive no no no no no because now you are entitled to forgiveness without asking without seeking it without acknowledging your debt you owe a debt ask for the forgiveness and then that relieves you both amen sister Carmen Boston hi Pastor so I have a question so do you go to the person or I guess speak to the person and access forgiveness um for an example for me was my uncle who when I was a toddler sexually abused me he was incarcerated

not for my case for other cases okay you know and I'm very sorry that happened to you yeah I and and the crazy thing is like in 2001 I went on live Facebook and I was like you know who you are and I just want her to let you know I forgive you and it was and it was a long side of how you were you know sharing now and you know do I physically have to call my uncle and speak to him and say you know what whatever the issue is whatever the case is I forgive you and I release you you look at that sister Carmen I would highly suggest it and here's why sometimes we need actions along with what's in our mind and if you didn't want to discuss the details you could just send him a message with these words the debt is cleared and you don't even have to say no just say the debt is cleared I'm not your victim I'm not a victim you don't owe me anything the debt is cleared I love you give your heart to yahshua and I hope to see you in the father's Kingdom because you're forgiven the debt is cleared thank you and you know you know will help you

absolutely like you know it's like do I or do not you know especially when when there was a case involved that he got incarcerated with to you know me going to my uncle and hash something up would you know right you know and a lot of people say well brother Vaughn what about accountability let me explain something when you forgive you have not let them you've not let them off the hook vengeance is mine saith Yahweh you have given them over to the Vengeance of God you allow him to repay the debt you allow him uh to to

vent the word Vengeance by the way people when we quote that scripture vengeance is mine we think of an Angry God getting revenge the word vengeance is an insurance word it's used in legal insurance all it means is this if my house gets blown over by a storm Vengeance belongs to the insurance company they will repay not the one that blew it down not the one but my insurance if we have a car wreck you're not going to give me Vengeance my insurance company is they will make it like it was vengeance is mine he will

settle the score he will set things to right but you have to give it to him so that's when Yahweh says that he will repay you yes so many folds everything the enemy has stolen if you'll forgive them of the debt Yahweh will replace it what the enemy stole the Bible said he'll make him return it Sevenfold what he took oh my goodness this is like I'm I'm telling you like this this teaching is right on point because not only that but like family there's a lot of family stuff that I've been dealing with especially with my mom legal my right it's just too too messy and I just like literally told my mom I was like look don't I don't want nothing I don't want no money I don't want nothing nothing nothing like give it to whoever sure and and I was like because uh greed and it's it's like I said I want your like I want you to live to you my dad and my mom like the health-wise I want them to live healthy look at them and tell them tell them you owe me nothing and you'll be free amen thank you sir and you know I normally wait till the end to take all

of these comments and I know some of you are probably wondering but I feel like this is the work of the Holy Spirit right now I feel like people need uh what the holy spirit is doing right now amen amen Pastor amen amen confirmation Pastor okay thank you Elder thank you Elder Baker um yeah you know what this is so huge I think there's another point to this I I I you these teachings just bring out truth like crazy but um something I've never ever cared is this when I was growing up I was the one that was bullied all the time okay it was just

craziness but you know every day I would get up until one and go to school and this is the reason why I just wanted somebody somewhere to know that I was a human being wow I had a heartbeat I I I I I I I I I I I love people so much and I wanted that but you know what's so crazy 30 years later these people are calling me up and saying will you pray for me amen will you pray for me I never held The Grudge because I didn't know how amen but but but that time later I need help I'm broken I'm addicted I'm hurting I'm lost I've heard all of

these from people that used to bully me yes ma'am amen we have the same time it's worth not holding a grudge it's you know why it only hurts you it don't they don't even know you're mad at them they don't even know they don't even know they owe you a debt they're current I didn't know how to get I didn't know how to get mad I just like I said I I went back every day listen amen just like you we both got the same blood going through us you know Elder Baker you'll know about this nobody else in the room will but if you'll remember

what maybe six years ago now when all that went down with a certain organization and I know I know that I was done wrong I know I know that that didn't go down right okay and I I knew it and and I can prove it well the men in that organization I found out later said brother Vaughn's not going to leave quietly you can believe he's going to stir up a stink and cause us trouble and to this day I've never stirred up that stink I've never mentioned it because the debt is clear and I believe that's why the father has supernaturally blessed

Us in the ministry is how we handle that situation I truly believe that vengeance is mine he has repaid amen I thought I had lost something I thought you know I helped build this and now I'm losing it but now look at us now that's you know what I'm saying vengeance is mine Hallelujah if but if I believe if I would have held to that and God went live and told my side of the story and you know that's victimhood Sister Baker and I don't want to be a victim to nobody amen amen you know one of them man one of them did one of them men did

come to me and tell me you were done wrong I will tell you that oh wow well Elder Baker wow you just I didn't know that that just blessed my heart to hear that thank you so much go ahead honey to flow to others the olive to be crushed it's crushing yes when you have to when you forgive when everyone is not owed anymore it's crushing to your flesh amen that would be there no oil that's good good amen but then if you've got willing olives that are willing to be crushed the oil is going to flow from that now that makes me wonder about those five foolish virgins now if maybe that was the oil they were missing amen I've always heard it was thought it was the Holy Spirit but what if that was the oil the crushing wow you can't offend me right just forgive the debt amen Elder Baker that's the first time I've ever heard anyone admit to that thank you that sort of helped my heart Amen brother and sister Alex George and Rachel shabbat shalom all right thank you so much I I'm so close um and I know I thought choosing you amen thank you

that's why I can forgive because I've been forgiven right your heart's in the right place wow sister Alex and I do want to say what Sometimes It's tricky to um navigate forgiveness and trust so what do you have to say about the okay now there's no biblical commandment anywhere that you have to trust anybody okay um now when you know someone's patterns in life when you know how they've done you I have a situation I'm going through right now my heart was crushed last month none of y'all know about it except for the elders because I've not made it

public but my heart was literally crushed um it's still crushed but will I ever allow those people or or anybody to be in a position again to be able to keep doing that to me no I I'm not going to trust I'm not going to trust the patterns but I can forgive the pattern I can cancel the debt and I can say look we may not can work together we may not can live together but you owe me nothing it's forgiven it's forgotten it's over like it never happened but we also have to judge people by their character okay the Bible commands us to judge them

forgive that that that that's a supernatural thing but the Bible said know them that labor among you otherwise we can forgive a wolf but we can't allow a wolf back in the Sheepfold okay now unless they come acknowledge it before the church repent and they do what's needed to be done to earn trust now I do believe that you can earn trust back I agree but but their steps required for that you know if I come and steal a thousand dollars from you and you choose supernaturally to forgive me you're probably just going to hold your

checkbook a little bit closer when I'm around okay all right until when until after a few years you've let that checkbook sit out and it's not happened again okay so there's nothing wrong with building trust amen and another quick one so if if you're still getting triggered like you know in your inner thought like you know it goes to where you feel angry and right no you you want revenge yes you know you don't act on it but you still feel better what what is that is that lack of forgiveness sister Alex

here's what yeah it is it's uh it you think they still owe you the debt what I'm teaching you today is you have to clear the debt you have to say you know what y'all do owe me you do owe me you do we're not going to act like you don't owe me you owe me a debt but my heavenly father forgave me a great debt and I'm not going to take his forgiveness what did the Lord's Prayer say forgive us our debt as as I we forgive our debtors and so as I give my debtors freedom from the debt the father then I'm appreciating and I'm returning the Forgiveness he gave to me and you know you talk about trigger do you know how many times okay I'm just going to be human for just a moment okay I'm going to come out of the cloud for just a moment I'm going to be a human Professor Toto has a very large following when I hit the live button I can reach up to 20 000 people live much less after it's over on the replay do you know how many times I've wanted to push that live button and set things straight and plead my cause and tell how it really happened and because I can reach

a lot more people than they can my enemies you know how many times I want to push that button and say hey this is what happened and you know that so when you talk about triggering when that thought comes to me I stop I take my finger off the live button I could have done that a few years ago with the organization as a part of could but I take it off and I say the debt is Forgiven I have to remind myself the debt is Forgiven they owe me nothing it's over and every one of you in this class needs to become debt forgivers amen thank you

thank you so much appreciate it you're welcome brother Keith Moran go ahead hi Pastor hello Sister Laura hello so we both have some mine's really short and sweet you kind of touched on it there are so many that just cannot forgive themselves even though Yahweh has forgiven us and it's just like throwing the grace back in his face who are we to not forgive ourselves when he's forgiven us and if we can't forgive ourselves when he has how we're able to forgive anyone else because doesn't it say our sins are as far as the East is

oh yes from the West which is eternity they're gone they're wiped away we need to let it be gone and wiped away I think you just hit on a core because I think the reason people cannot forgive debts is because you're right they've truly not accepted that their debt is Forgiven yes you know things we've done in our life that come back to us in our mind you know bad things that we know the enemy holds over our head we have got to become Believers in debt-free living everybody that wants to be debt free financially that's a carnal stuff

we need to become debt free yes that there's no debt it is clean it is clear that's good sister Lord and one thing to remember which I told someone because you know when I was in Ministry in Los Angeles okay you're not Paul did you murder millions of Christians come on now it's been worse than Paul's unless I believe I believe that was the thorn in his flesh that kept coming back to try to torment his mind but look at how much of the Bible he's written he's still impactful lives today so his sin was gone because otherwise if it wasn't Yahweh would never have instilled that into him and he would not have written so much of this book what a beautiful thing so okay I'm done so I'll let him go beautiful Laura that's so beautiful Pastor shabbat shalom I hope you're bringing a bunch of beautiful jewelry to Tabernacles oh I've got what did I say I have joined comes in the morning bookmarks so one thing I'm making I'm gonna show you first before I show anyone else and it's excellent you're gonna love it forward to it go ahead brother Keith

so what you're teaching about today has been on my heart during the week this week actually but sort of in a on a different plain different level um you talk about in this in in light of this lesson what it is to be an overcomer and I think about how just about every morning Elder Morgan posts uh a word of encouragement and yeah we're Overcomers so it's always on the Forefront of my mind in my you know in everything I do and everything I think um I'm an overcomer we have we have to remind ourselves of that yeah so what

what it how it's been rolling around in my mind this week is it has to do with ironically you brought up uh Professor Toto listening to Toto especially this week but probably always you you bring up um the people that are you know the the DA's the sorosis the binds all of these bad people that are indirectly and directly right passing against us and I had a thought this week that if this if it happened today all of a sudden there's going to be a transference of government yes what are we gonna do because I do I get offended when people say things about Donald Trump that aren't true that aren't the things against things about us that aren't true of all the Trump supporters they're all racists and right homophobes and all of these things that we are because and how are we going to react when when there's if In Our Lifetime there's a table turn and we become the government and they need to come to us for justice will that well these things pop into our minds and what are we gonna do that that was on my mind before today yes sir and

that's what the Bible says renewing our mind daily we have to renew our minds yes every day amen every day if not we'll become debt collectors George Soros is not our problem Obama is not our problem ultimately no they're not our problem who controls them as our problem he will be dealt with very soon and then all of a sudden those puppets we look at them and we feel sorry for them they don't even know what's happened to him when yahshua was on the cross he looked at Roman soldiers do you know why he could say you're forgiven the

debt's clear he knew it was not them that was killing him he knew it was in the father's plan he knew that the father was allowing it he knew that so how could he be mad at the Roman soldiers when somebody had to do it somebody has to be George Soros in this world right somebody has to be Obama somebody has to be evil and yet at the end of the day at one time all of those people was some Mother's child yeah they were so innocent till Satan entered their heart so when we see Satan behind our enemies we we can relieve our enemies of their

obligation and their debt the brothers and sisters the debt and you're going to learn about this by the way at the Feast of um atonement the debt started with Satan it's going to end with Satan no one's going to be held responsible for Satan's debt amen thank you Pastor you're welcome go right ahead sister Becky um I have a situation that a person in my family that I'm very close to or used to be has kind of how do you say cast me aside because I left the UPC okay and it was nasty and ugly when he did yes ma'am and I have forgiven him I I

have I've gotten on with my life but the problem I'm having is that all I have to do is hear his name and all those feelings all that hurt comes flooding back so have I not forgiven him I would say you've not forgiven the debt I would say in your mind he has harmed you he still owes you for that harm and I believe you need to verbally say today when this class is over you need to call his name and you need to say your debt with me is cleared you are you owe me nothing I'm not your victim the mention of your name will no longer bring up your debt and then you need to say father I cannot do this in my human self I'm asking you to supernaturally give me that debt canceling ability give me this power to cancel this person there will be a supernatural power that will come and cancel that debt for you okay thank you so much Pastor you're welcome brother Geno hello good morning good morning today it's not going to be my questions actually my my mom okay go right ahead can you hear me okay I can okay well remember I'm more of the church mouse so I sat here struggling

for 10 minutes even being able to prepare myself to talk to you about this but um it'll only really take a minute it's kind of bouncing off of what sister Carmen said kind of she really helped a little bit with her question um but when you have a situation where you need to forgive someone and they don't know it but in my case it's someone who's I guess I see as more I know Authority is the right word but over me okay um like I've been going back and forth for weeks and weeks after all these teachings that you just keep coming back

and slapping me in the face with this because you keep bringing it back up it's like you know can you stop but anyways but so I'm like I need to no I don't know I'm fine it's okay no I need to no he said it nope no he said it's fine you know you just kept you kept confusing me but not really in a bad way just I think it was just myself not wanting to deal with it um okay so anyway in that situation if that person doesn't know they need to be forgiven but in my case you know it hurts a lot but I still respect that person I still love that person I still I feel like because of my situation being a little different than all the ones that were talked about I feel like I could still trust that person but I would never want that to happen again to someone else unknowingly because I do feel that that person let me answer that question there is nothing wrong with accountability there's nothing wrong with going to someone and saying can I talk to you about something that that hurt me before I talk to you about it I want you to know the debt is Forgiven you owe me nothing but I wanted to talk to you for your own spiritual growth something that you did to me that maybe I took it wrong maybe you said it wrong but could we talk about that and that there that's called reasoning together there's nothing wrong with that to just say hey this is what offended me this is what hurt me and you probably don't know you did it but I just wanted to share it with you for your future so that maybe you don't do that again but you owe me nothing you don't even owe me an apology the debt is Forgiven right

and that's where I'm at I really am I I think I can absolutely Let It Go but I feel like if I do I'm not doing that person any justice okay and that no there's nothing wrong with that that's holding each other to account nothing wrong with that so here's what I'm gonna do everybody I've got one two three four five more hands up and then I do need to get back to the lesson um let's see go ahead sister Janelle thank you you're welcome I was thinking about the legalities of it because so many of our battles are really fought in the courts of heaven with with our understanding the law and where we broke it and we make it right and poof off goes the enemy's rights to us and I was thinking that when all this discussion Matthew 5 25 has become so real to me and it brings up the idea it's where Jesus says in 521 Jesus says you've heard it said do not murder but I say don't even call your brother raqqa or be angry at him in your heart so if you don't look at the Spirit of the law as you mentioned you're going to miss a lot of places that either

people hurt you and you didn't realize it but especially that you hurt others and you didn't realize it so when you say I don't owe them anything I didn't do anything wrong they did me wrong well look and see what they did to you what did it make you feel and from that ask the Lord have I done that ever have I ever

made anyone feel that way and he'll show you and that's how you're guilty and Matthew 5:25 says agree with your adversary quickly because Satan knows his rule very well and he'll call you into court on the spirit of the law and

you'll say what happened I don't deserve this but if you ahead of time think about it you you take you just rip off from under him all his legal standing he's sitting there with the affidavit in his hand ready to go to in court and proof it goes up and smoke what happened oh she just she just repented Hallelujah that's beautiful Janelle well there's so much wisdom in this class I tell you I don't know if you all understand you're sitting among some of the greatest people on the Earth listen to these people because from their mouth flows the issues of life amen that was beautiful sister Janelle thank you we want we want that affidavit to just go up and smoke amen amen sister Cali good morning Pastor I was laid today that's because we was in church we was in church to midnight oh I got home like one in the morning but anyway fast forward then I come in late then I heard the um this conversation and mine is more a testimony because I'm gonna um when y'all when I first started this walk it was like a supernatural Fast Track with different issues so we dealt with

the what is a woman and what is a man what was the purpose of a husband and a wife then he he deal with um my spirit of laws and then he deal with a lot of things but then one day he said okay today we're gonna work on forgiveness so but I never I never helped a grudge in my entire life I'm a person they I get mad at you and five minutes later I'm loving you that's the way I am but when he said I said well yeah what we're good in there because I don't hold grudges and he's like okay so I want you to make a list of the people who did you

wrong and never say sorry to you and the people that you did something wrong to them and you never apologize for it that's okay oh my god when I finished my list my list was like this right in the list I was whipping so I have to go through all these people and in my case I I couldn't contact anybody because this is from childhood all the way since I was a kid so we did it in the in the spiritual part and then the last people was my mother my father and oh my God they were dead I couldn't call them I couldn't talk with them and I did a supernatural forgiveness and that Set Me Free from I was carrying and then when and when he say okay now let's forgive the last person that you're having a hard time and that was me I didn't know how to do that I was so ashamed of everything I'd done in my life thank you Father but he took me he held my hand and took me through it and today I'm so I'm happy of who I am even if I did wrong but he forgave me and I forgave myself and since that I don't that's why nobody here can do anything or say anything to me that I

was all a grudge or be mad at you it's okay I love you just keep do it but what I'm saying is don't let one thing just because the person is not around you anymore or you cannot get in touch you can do this in the spiritual it is possible and I did it and it worked amen that's all right hey deep I did not all I owe to debt I could not pay I needed someone to wash my sins away then he came and took my wrong washed it away from now on He Paid a Debt he did not oh that's what you have to learn to do to pay a debt you didn't know forgive it

it's over done with beautiful testimony sister Cali Amen brother Peru say is it peruse or peruse peruse okay go ahead brother peruse brother I'm trying to understand if you your teaching is so deep yes sir I'm trying to with being in the UPC Organization for 30 years and coming out and asking God to lead me the truth and every night I pray lead me to truth lead me to truth and he led me to your teachings thank you I've listened to totals I have lists I have watched your service last night thought I was on the right one and I

found out I was on the wrong one end of the right one and I'm trying to understand Yahweh and and uh yeah because we always prayed the Jesus sure Jesus I'm not trying to understand and I'm still asking God give me the truth that we need from my family to be led and be an in the right church because there is nothing more better than the being in the right Church Amen brother Peru several teachings that you've

you Father in the military and all I can do is thank Father thank God Amen the feelings that became on to our family amen amen he honored you for following him in truth yes it's a journey I feel like I'm in truth now amen remember that truth is marching on so remember truth never stops and it's a journey and there's a sermon I preached uh I can't remember the title of it but the light shineth more and more unto the perfect day maybe somebody can remember what that sermon was but you need to watch that one because it talks about

that journey into more and more truth we never disparage where we've been it was part of our journey to keep following after Yahweh amen thank you thank you brother peruse reach out to me on email okay brother Vaughn all right good good you're in the right place yeah amen we're gonna take two more and I'm gonna teach more slide and we'll be done for the day pastor maganji um hello hello hello shalom shalom shalom hallelujah amen ah thank you for the wonderful topic that I've had today I want to uh to talk about three

things number one this week I went for a fellowship and somewhere else I was accused fall asleep by two men who are also pastors Christian pastors so I was hardly broken I could not be able to sustain my my ears not to cry but uh because of this uh the topic that you have taught today I want to call them today and I tell them that I have forgiven them the death is Forgiven Hallelujah yes number two uh we need to forgive ourselves there are some other things that we did some years back when we try to think about them

we did very long things so we need to forgive ourselves because we did to Jesus okay I mean Yeshua yes lastly kenyani Kenyan pastors they preach against Sorcerers and the witchcrafts okay they say that the Witchcraft which a good doctor must die so when they breach they breach they're saying that the a witch doctor must die die die now die so they they are bridgingly obtains it is not forgiving them that's all right that's right yeah yeah you know uh we we are we are called to bring reconciliation to all men and so I agree with you Pastor

absolutely amen uh I want to thank you brother for the work that you're doing there in Kenya for the Sabbath day and preaching the truth we just pray strength over you today we just ask the Holy Spirit to provide all your needs we ask him to give you Supernatural strength to stand for truth and we release upon you the anointing to carry a message throughout Hallelujah Nation Hallelujah Glory let him let him hear the Saints right now everybody chime Pastor maganji would you email me a way

then I was sent to an orphanage but and I don't tell anybody my story to feel sorry for me I tell it if I can help somebody amen if I can help one person feel positive about themselves I was so angry with everybody if I was 40. and I'm a year and three months of being 70. so I've only been free years or longer I never could forgive my mother I it's it's hard to explain if you've never been there you cannot even fathom the hate be disgust yeah this Trust of anybody and to this day that's still hard for me to trust people I'm working on it but my mother died in 2003. the day before she died was this Sunday all of us kids one day helped take the hurt she is Sundays were my days so we had a long talk but she all said I know my parents had seven children I was the only child that was ousted if you can call it that I mean they had they raised six children I mean she their answer until the day she died she never am I grown up ears she always was negative toward me she wouldn't even I tried to commit suicide after going through a divorce and losing a set of twins I did not hold it here honestly she came to the hospital she said oh you're just doing all this for attention I I just don't know what else to say yes ma'am but I never can you yes ma'am all right oh yes let me explain a lot of that is her guilt was her guilt my mother went she did a lot of that it was her guilt they have to project their guilt onto you so that they don't feel guilty and so you just have to choose today sister

Denisha you have to choose whether or not to cancel your mother's debt in your mind and you have to choose if you want to be an overcomer or a victim to to what she did to you and I believe that if you would ask the father for Supernatural help I mean get on your knees say father Yahweh I heard my pastor today I heard the word I can't do it I don't have the ability to forgive her for what she did but you have the ability and would you come into my mind in my heart and help me to forgive her debt and it'll happen amen it'll happen sister Denisha and when it does it'll all wash away I never had any positive email when you're growing up with yes ma'am 70 other girls you don't you don't get that right uh anyone um we had our reunion we have a reunion appearance orphanage and that whole week it was just these group of girls on these group of girls come me it's like she's not going I'm not going and I didn't go because they were like they were 10 years old again this same girls yes ma'am and I'm like I'm not even going I'm not participating I I'm trying

to be in a positive State now right um no that's why my mother died that's not a bad choice I felt I felt like the world was lifted up my shoulders yes ma'am I felt I really I didn't have anybody here to I get it do you mean me to call me name right right right well sister Denise I have been in a go ahead and I'm learning and I'm taking I'm taking steps I can't that's right well I'm gonna ask okay I'm gonna I'm gonna ask go ahead no go ahead okay I'm gonna ask okay I'm gonna ask the congregation to lift you up in prayer put you on their prayer

list we're going to ask the father to give you strength to be able to cancel this debt today and I believe he's going to give you that strength I believe you're going to let your mother rest in peace and you're going to forgive her of that debt today I think my wife wanted to say something amen she needs the microphone oh hold on I can't hear you Yahweh knew you before you were in your mother's womb he knew you were Israel that he would call you out and the way he does things is not to our understanding or even in our likeness or

agreement so many times my husband what happened to him why did all those things happen when I actually went to death why did it have to go to that point but he will call us out and get us out in his way we can't understand it but all you have to know is that you are chosen of Yahweh you are Israel and now you are with your family thank you amen thank you amen hallelujah you are with yourself amen go hold on to sister go okay I have to forgive myself amen for all the things I've done not just other people but how do you do that how do you

forgive yourself is that also in prayer well actually you just have to accept by faith that the father has forgiven your debt you have to know that by faith that the father has forgiven your debt you have to

choose to believe that you have to accept it you have to know it and that way no devil in hell can ever bring that debt back up to you again so right now I want you to repeat these words after me sister Denisha I want you to say my debt is Forgiven please it is and now I forgive my death my death is Forgiven

and I forgive my death so the record is clear by faith amen amen amen praise Yahweh I want to continue folks we're running out of time and I'm just going to do one more slide today and that way we can I haven't I didn't get to I had 32 slides for today and we've done one but praise Yahweh we'll we'll do our best here I want to show you why yahshua corrected Peter when Peter said should I forgive my brother seven times seven I want to show you why yahshua corrected him and it's in the law of Jubilee there are three rest in the law there's the seventh day and the seventh year now what happened every seventh year does anybody know that's right but for only one year and then everybody had to go back into servitude okay listen now every seventh year the land all your we're going to read about that let's go to Leviticus and let's find out what happened every seventh year not every Jubilee but every seventh year Leviticus 25 4-5 now the seventh day is a rest but the seventh year was an even bigger

rest now do you see why Peter didn't say should I forgive my brother seven times because he knew about the Sabbath he also knew about the seventh year rest that's why he said should I forgive him seven times seven that would have given him the seventh year rest but in the Jubilee or I'm sorry in the seventh Year all the servants all the animals were given the land was given a rest in the seventh year let's read about that but in the seventh year there shall be a Sabbath of solemn rest for the land a Sabbath to Yahweh you shall neither sow

your field nor prune your Vineyard what grows voluntary of your Harvest you shall not reap nor gather The Grapes of your unintended Vine the land is to have a year of rest the land got a what year a year of rest now the land's about to get a forever rest in the Jubilee but in the seventh year it only gets one year of rest now I want to say to you something real quick at the end of that year everybody had to go back to work at the end of that Year everybody once again owed a debt again your debt was only pushed aside for a year and that's what many of you have done to the people you have forgiven you forgave them until you put them back in debt well yeah should I forgive my brother seven times seven the Sabbath the rest the Sabbath day and the Sabbath year because then he's still on the hook and as soon as he messes up again I can put that debt back on him in a year Yeshua said no son no no no you've got to the seventh day rest is thirty-fold the seventh year rest is 64.

I need you to come into a hundredfold and give him that 70 times seven give him that Jubilee where the debt never returns wow Hallelujah Hallelujah because in the 50th year every debt is wiped away four ever in the seventh Year sister Aaron the debt comes back should I forgive my brother seven times seven the seventh day Sabbath and the seventh year Sabbath no no no that's 30 and 64 junk that's for Christians you are going to come into a jubilee forgiveness where nobody's able to get back in your debt amen amen I really hope you're hearing me

today I hope that this will become your goal to walk in that Jubilee forgiveness let's read Exodus 23 and 11. but the seventh year you shall let it rest and lie fallow so that the poor among your people may get food from it and the wild animals may eat what is left do the same with your Vineyard and your Olive Grove Now read Exodus 21 and 2 and you're going to find something interesting if you buy Hebrew slave he may serve you for six years but in the seventh year he shall go out free without paying anything and then what happens after the seventh

year he becomes your slave again he only gets one year off now you see why Yeshua told Peter no no you can't forgive people knowing you can put them back on the hook there's no such thing as you're forgiven until you do it again give them forgiveness forever I'm trying to teach you today about a jubilee forgiveness that we all have to go to that you know what it's like suspending the payment on a debt note

for a year in order to give employees a true rest they keep getting paid they all their debts are canceled for one year so that

imagine if every one of you all your bills were canceled for one year starting tomorrow you don't owe a light bill you don't own an electric bill a water bill guess what you can do the whole year you can take off work that's what you do to people when you forgive them under that seven times seven you give them a year off thank you father while you hold it over their head they're still your servant and as soon as they as soon as that little moment of forgiveness is over they come back and owe you again they're your servant again

I'm uh 34. 70 times seven the servant Who Sold themselves for debt or Sinners who've been sold by the court to repay their victims may have to return to their servanthood after the year the seventh year they have to all go back they would work six years rest the seventh and while this seventh year rest is greater than the weekly Sabbath rest it's still not the greatest rest the greatest rest is the Jubilee when all debts are forever canceled and every man returns to his inheritance everything is paid the Jubilee ends all servitude and all men are able to begin again with a clean slate debt free first Harvest Ministries declares to the world the great Jubilee is coming we practice it every day we forgive men of their debts under a jubilee anointing the joy is coming in the morning hallelujah thank you Hallelujah when we forgive you 70 times seven we have introduced you to the Jubilee message you don't owe us anything you don't even know us an apology oh bless His holy name I don't even owe us an apology hallelujah hallelujah Hallelujah Hallelujah the servant has to go back to the master after seven years but not after the Jubilee and yahshua's day the people had been observing the weekly Sabbath and the seventh year Sabbath but Peter had never kept the Jubilee because the Jews quit keeping the Jubilee after their Babylonian captivity that's why he thought he could forgive 70 times seven that's all he knew about but the father yahshua was sent by the father to introduce me and you to a jubilee forgiveness hallelujah it's a lifestyle Pastor hallelujah amen Aaron I see you yawning

I'm gonna quit in a minute Hallelujah I caught you glory Pastor yeah so we could say that 70 times 7 is not a number but a principle it's a principle just like the hundred and forty four thousand it's not a number it's a principle and brothers and sisters all that you knew about Keith Moran is forgiveness on the seven level and maybe the seven times seven level but when you become an overcomer you learned that 70 times seven you learn all about the Jubilee nobody goes back in your debt after you forgive them amen amen after you've been Justified then Yahweh begins to work in the heart to root out the works of the flesh bitterness and unforgiveness this part of the sanctification process is not justification yahshua's Parable is not teaching us how to stay saved it's not about falling from Grace it's showing us the difference between the overcomer and the Christian if you're one who wants to be part of the remnant who will not be sold into bondage at the end of this age then you must know and practice the law of Jubilee in your own life here's why

everyone that's not part of Jubilee now will not be allowed to reign in Jubilee then Hallelujah you've got to become Jubilee now if not you're going to be sold into the Lake of Fire you're going to be sold back into bondage you'll die in the wilderness without receiving the promise of the first resurrection you will not inherit the barley Harvest forgiving others is not about salvation it's about separation the remnant of Overcomers is not a group of super spiritual Supermen and super women it doesn't require great intelligence or

great spirituality to become part of this group there's only one requirement learn to forgive your debtors the key is obedience to the law of Jubilee if you practice the Jubilee principle towards others Yahweh will do the same for you when he calls into account the church those who cancel the debt of others will be released of all their own debts that they may return to their inheritance immortality in the first resurrection why would yahshua say on the cross father forgive them why would Stephen say while they're

stoning him Lord don't hold this to their charge in Matthew 6 and 12 Yeshua taught us to pray forgive us our debts only to the measure that we forgive our debtors I hope you heard that question thank you forgive forgive all about their nurse in order for us to give be forgiven completely amen brothers and sisters you forgive according to your forgiveness those who sin against you they're indebted to you according to God's law we are their creditors and John 20 and 23 said whoever's debts we retain will be retained

but whoever's debt we release they will be released somebody said pastor I want to be in the remnant I want Remnant status then you need Christ status learn to forgive and time will give you plenty of opportunities the tool of time will give you those opportunities to forgive it's very easy to forgive and most people are able to forgive until the seventh year is over until the year has ended until the next time their neighbor offends them and then suddenly all their old offenses are brought up again many will forgive a neighbor to their

face but then gossip about the situation behind their back making sure everyone knows how much of a debt you forgave and how innocent you are let's read this and we'll close Jeremiah 34. 8 through 11. this is the word that came to Jeremiah from Yahweh after King zedekiah had made a covenant with all the people in Jerusalem to issue a proclamation of Liberty for the slaves which stated that every man was to free his manservant and maidservant a Hebrew man or woman that no one was to hold a brother in bondage now listen carefully listen

to this there was a law that went out of decree for everyone to be forgiven all the debtors to be released from their slavery and they did it read so all the officials and all the people who had entered into the Covenant hearing that everyone must set their Hebrew manservant and made servant free and no longer hold them in bondage against their will obeyed the proclamation and set them free they obeyed I want everybody to listen they all obeyed they forgave their detours they let their servants go they no longer manipulated them by

holding it over their head oh wow I wish that's where the story stopped but it's not maybe you'll see you in this story read Elder but afterwards they changed their minds they changed their mind yeah read and force their Hebrew manservants and maidservants who whom they had freed back into slavery they forgave them and then took it back my mama you're free I forgive you until I don't forgive you no more amen and then I I take all those debts back and I remind you of what you've done to me and I remind you how you hurt me

because I don't have that overcoming anointing many are called few will be chosen amen God bless you today
