With this in mind, Boone County Schools utilizes a mobile app to help students, parents, and community members know what is happening on campus from their phones. On the app, students, parents, and the school community can read the latest announcements, locate staff contact information, review upcoming events, and find important documents. Through this app we are bringing all communications into one place.

Download the app

When you download the Boone County Schools, KY app you will have access to the school/district live feed, news, events and more. You also have access to your child's individual school and can find important information like lunch menus, news and announcements. School alerts will also come to you through this app.
