The primary purpose of this camp is to teach fundamentals, have fun and gain the interest of young athletes. Benton Football campers will benefit from instruction by our experienced staff. We maintain a low staff to camper ratio to assure individual instruction. The emphasis will be on fundamentals, form, and technique. This is a non-contact camp. Campers will be grouped by age.

Football is a great team sport, because there are twenty-two offensive and defensive starting positions and five different special teams. We need a number of athletes to compete.

Get involved! You will never forget it!
