

# Teacher Welcome for 2025-2026

**Teacher Name:** Olivia Koepke

**Room:** 1172

**Department:** Family and Consumer Science

Hi! I am Mrs. Koepke (Kep-Key) and this is my 6th year teaching here at Kimberly High School. I am thrilled to be a Papermaker! I am from Stevens Point, which is where I completed my Bachelors in Family and Consumer Science with a psychology minor and a nutrition emphasis back in 2010. In May 2021, I earned my Masters of Science in Education. When I was 15, I had my first job in the Culinary Industry and that's when my passion for teaching others became very obvious. I absolutely love to teach life skills to our students and watch them grow into successful members of our society.

A little about my personal life, I am married to my soulmate, Zach, and we have three boys who attend school here in Kimberly. We have two cats and a goldendoodle named Barley. We spend a lot of time outside and are really involved in giving back to our community.

This year I will be teaching Confidence in the Kitchen, Nutrition and Trends (Dual Credit-FVTC), ProStart 1 (Dual Credit-FVTC), ProStart 2, and Interpersonal Relationships. I also run a Culinary Competition Team and a club called #FOODIES. If you like to eat, make food, try different foods, and have fun with food then this club is for you!

Please contact me with any questions at [okoepke@kimberly.k12.wi.us](mailto:okoepke@kimberly.k12.wi.us)

## **Confidence in the Kitchen:**

A device **with a keyboard**  
Pen/Pencil  
Folder  
Closed toed shoes for lab days

## **Nutrition and Trends-Dual Credit FVTC:**
