Fang Yuan is able beat back Feng Jiu Ge and had time to grow so his battle strength should be slightly higher but Heavenly Court thinks that sending 7 bottom tier rank 7s is able to succeed against a former supreme grandmaster in refinement).

6:24:30

Chapter 1541. Fang Yuan's love. Lang Ya is using Heavenly Solar to fight against the central bums plus Feng Jiu Ge. Fang Yuan has a amnesia and is a mortal. He gets beaten up very badly over a woman he loved.

He hears music in his well and gets an incomplete gu immortal inheritance. It's called the virtue true inheritance. The more virtuous the user is, the easier cultivating will become. He had a subtle disdain towards virtue but it disappeared. There is an extreme physique called righteous virtue physique (similar to Pure Dream reality Seeker physique). Fang Yuan does good deeds and becomes stronger. A Shu clan elder gets hit by virtue submission and gives Fang Yuan a lot of information. Fang Yuan is a lazy good for nothing child in a super clan. His parents doted on him and made rank 5 peak stage at 16. His family gets attacked by a demonic overlord. His clan spent many resources and help to drive back the demon. His mother was the only one left and protected him. Few years later the demon reappeared and slaughtered his entire clan. He makes up a story about a previous lover. He was afraid that his determination might waver so he wanted to leave Little Shang. The demon met with Fang Yuan. The demon gives his approval for Fang Yuan to marry his daughter. The demon tried to become a venerable but got very injured. The demon's most trusted aid betrayed him. A final battle between the world vs the demon begins. Fang Yuan weakens the demon. In the final battle, Fang Yuan obtain control over the immortal formation that can decide if the demon dies. The righteous path wants him to uphold justice for the whole world while the demon offers his daughter and unlimited riches in the world. Between the choices of getting revenge and righteousness vs Love, Gu Yue Fang Yuan's response is "Next, he started to laugh lightly. He sighed deeply as his body relaxed entirely. Why are you laughing?! Make up your mind. The demon shouted, rushing him. I am laughing at myself, I am also laughing at all of you. Fang Yuan looked at them with a calm gaze. 7:38:15

Chapter 1547. Lang Ya helpless Jiu Ge dominates. Lang Ya uses the true stability tree to hold down the winds of assimilation. Apparently when Genesis Lotus was rank 8, there was a huge wave in eastern sea that would have damage the world. Genesis Lotus killed the tree to obtain a couple rank 8 gu and he managed to save the world. The second dream finally was a trap. If he picked the righteous side then it would deepen his desire to truly do right, and if he picked the demon, it would further immersed himself about love and bring out his past lover and eventually would be reformed through this and be in loved with Shang Xin Ci or his previous lover.
