

**Lesson 1.4**  
**Good Work on the Job**

- Ask students to select a job or profession that they would like to do someday.
- Have students either write about or create a visual representation about the job that answers the following questions.
  - o What is the name of the job you would like to have?
  - o What type of daily tasks does a person in this line of work do?
  - o What do you think it would look like for you to do “good work” if you entered this role?
- Add the exercise to the Good Work Portfolio.
