**States 2025**
**Ivey Redmon**

I'll never take for granted making it to the States. It's the ultimate goal every season. Today was a memorable championship meet. Seeing you all pack it up and fight for spots was awesome. It was also incredible to see Lily run her first State championship. That experience will really pay off in the next two years. Wyatt and Colin, congrats on running your final State meet. You both fought hard and raced with a veteran presence. Thank you to all my Seniors for your dedication and commitment to the program. Each of you has put in so much time and effort to make this program special. To my returners, making states is the standard, but let's dream of even more. Next year, let's get both teams to the State meet and finish in the top 5 overall.
