

Instructors for Individual Lessons

This is a brief list of some of the area's most talented performers and teachers. Individual lessons are a **critical** part of our band's success. Individual Lessons provide the one-on-one instruction needed to develop as a musician. *You should consider lesson participation the single most important element of your child's musical education!!*

Private lessons are available at a reasonable cost through a number of local teachers. The [Children's Music Foundation](#) can provide lesson scholarships based on Free/Reduced Lunch status.

FLUTE
