

FREQUENTLY ASKED QUESTIONS

MOUNTAIN TECH ACADEMY
Vocational Training Centre

1. What is the Mountain Tech Academy All About?

Problem we are trying to solve:

- Curb the acute shortage in quality of ICT skills in Silicon Mountain tech ecosystem and Cameroon at large.
- Bridge the gap between Academia and the job market
- Exploit the multimillion dollars market for outsourced ICT jobs from Europe and America
- Create jobs for young Cameroonians especially Idle IDPs in the North West and South West Region.

How we intend to solve these Problems:

By providing Hands on skills in ICT through training by veterans in the industry 70% practical and 30% theory

Who we are:

An academy comprises experts who are out to satisfy quality ICT skills shortage in Silicon Mountain and Cameroon at large.

2. What programs do we offer?

5. Can fees be paid in instalment?

Yes. The fees can be paid in 2 installments except for Microsoft office packages

6. When is the latest date to register?

Registration is ongoing and ends on February 25,2023.

However, there is a maximum class capacity per program of 15 persons, which if reached, registration for that program will be halted.

7. Can one person take two different programs at once?

No. The courses will be very intense, as such we shall not advise a student to take two programs at once. We shall rather recommend you complete one then begin the other

8. Where will the training take place?

Classes will be held at the Top Left Floor, First Trust Building Great Soppo Buea, SWR Cameroon.

9. Shall there be distant learning possibilities?

No. Not for now. We shall however announce to the public should this become possible.

10. Can one work and study?

This will depend on the degree of freedom you could negotiate with your employer. The programs require full time studies except for Microsoft Office Specialist program and digital marketing program which is designed considering students might be workers.
