Introductions

Thank you for your interest in joining the Society of Asian Scientists and Engineers (SASE)! As a vibrant and inclusive organization, SASE aims to empower Asian heritage scientists and engineers by fostering a supportive community and providing valuable personal and professional development resources.

With a diverse network spanning various industries and academic fields, SASE offers numerous opportunities for networking, mentorship, leadership development, and career advancement. Whether you are a student, a professional, or an advocate for diversity and inclusion, SASE welcomes you to join our dynamic community and contribute to the collective success of our organization.

Why SASE?

★ Find your family.

When you become a member of SASE, you have the opportunity to join one of our four families: Saigon, Akita, Surat, or Enshi. Each family has its own unique attributes and is led by family leads and co-leads. By joining a family, you'll not only be a part of a close-knit community, but you'll also have access to events such as family socials, mixers, and competitions.

Being a part of a family automatically enrolls you in our mentorship program, where you'll be paired with a mentor who can provide guidance and support. This mentorship program opens doors to connect with a diverse network, offering valuable opportunities for personal and professional growth.

★ Expand your network. Develop personally and professionally.

Becoming a member of SASE provides you with opportunities to expand your network. Through SASE events and conferences, you'll have the chance to meet company representatives from a wide range of industries, enabling you to explore potential career paths and build connections with professionals. SASE also offers resume critiques and mock interviews, which can help you enhance your job application and interview skills. We also host speed networking sessions to allow you to connect with various company representatives.

SASE actively collaborates with various social and academic organizations within the university and with companies to allow members to gain real-world experience and gain insight that can further enrich their professional development.

★ Gain access to our alumni network.

Becoming a registered member of our organization gives you access to our SASE Member Hub. Here, an extensive collection of alumni profiles awaits, where you can contact them from their provided contact information. Engage with them to arrange coffee chats, and learn about interview preparation, technical mentorship, resume critiques, and multifaceted professional growth. Immerse yourself in their journeys, drawing insights from their experiences and unraveling the distinctive work cultures of assorted companies.

★ Eat yummy cultural food.

During our general meetings and SASE-hosted social events, you can look forward to indulging in a delightful array of cuisines. From tantalizing Thai dishes and comforting Italian fare to flavorful Indian specialties and savory Vietnamese delights, you'll surely depart with both a satisfied appetite and a joyful grin.

Cost

SASE membership is available through two options:

1. Full-year membership, free shirt included (\$25)
2. One semester membership, shirt not included (\$15)

Highlight Events

★ SASE National Conference

The SASE National Conference is an annual event that brings together SASE chapters from all over the nation to meet many prominent companies. It serves as a platform for networking, professional development, and community building. Attendees have the opportunity to engage in workshops, panel discussions, and career fairs.

★ Cultural Fiesta

Cultural Fiesta is an annual event organized by SASE in collaboration with other campus organizations like NSBE, SASA, VSU, and BSA. It provides an opportunity for attendees to try a diverse array of cultural foods and celebrate many different cultures.

★ South Central Regional Conference

The SASE South Central Regional Conference (SCRC) is a one-day conference featuring networking events, keynote speakers, and a career fair. SCRC offers a valuable opportunity to learn from industry professionals and gain insights into their success stories. Additionally, the conference facilitates networking among students and professionals, fostering connections that can benefit future career endeavors.

★ Family Field Day

Family Field Day is the day when the four SASE families come together to engage in friendly competition and enjoy a series of exciting activities. Be prepared to have fun and get sweaty!

★ Auction Night

All those hard-earned points you've accumulated by attending all the events every semester will be put to good use during Auction Night, which occurs at the end of each semester.

Spend those buckaroos on SASEazon and win some cool prizes, from squishies to lamps to rice cookers to drones!
