OBJECTIVE

To graduate from Clovis High School in the top of my class and be a competitive applicant for scholarship awards

EDUCATION

Clovis High School, *Diploma Expected 06/2015*

- Overall Weighted GPA: 4.1
- Received AP Scholar award from CollegeBoard for scoring 3 or higher on 3 AP exams

LANGUAGE SKILLS

Fluent speaker in English and Spanish

EXTRACURRICULAR & LEADERSHIP

Academic Decathlon, *Secretary 11th and 12th; Website Manager 12th; Subjects Manager 12th; Competitor 9th – 12th*

- Participants study and compete in 10 different subjects with student from throughout Fresno County

Central California Science, Math, and Engineering Fair, *Participant and Competitor 9th – 12th*

- Selected a topic to individually research and develop experiment to present at the Regional competition

Math Team, *Captain 10th; Member 9th – 12th*

- A team where participants are given advanced math problems and complete with students from other schools in Fresno County.

Science Olympiad, *Team Captain 11th and 12th; Team Member 9th – 12th*

- A competitive team where members are put into pairs and given either a test taking or building event involving science

Friends of Rachel Club, *Treasurer 10th and 11th*

- Gives students several outlets for self-expression, including: collaboration opportunities, communication exercises, and access to advisors who are using the Friends of Rachel program.

Asian Club, *Member 9th – 12th*

- Largest club on campus with more than 100 members; Assist with Annual Asian Cultural Show
- Provides a sense of community and embraces diversity, opening new horizons for cultural acceptance in the small community of Clovis

Interact Club, *Member 9th – 12th*

- Every Thanksgiving, our club organizes a food drive that results in the collection of enough food to feed more than 100 needy families in the Clovis Area

History Day, *Participant & Competitor 10th – 12th*

- A competition where participants choose a topic to research and create a project based on annual theme

NOTABLE SCIENCE PROJECTS

Central California Science, Math, and Engineering Fair

9th Grade Project: *"Finding the Golden Ratio in Music"*

The golden ratio exemplifies the geometric perfection of a certain object or sound; therefore, the closer something is to this number, the more symmetrical and ideal it is. Applied theorem to nature, architecture, and other modern advances such as plastic surgery. **Awarded 2nd place in regional competition.**

10th Grade Project

Investigated the statistics of salinity, nitrate, and phosphorous levels in the Elk Horn Slough of Monterey Bay. By analyzing the chemical components in the environments, I was able to track the possible causes of the chemical level fluctuations and predict how the living organisms within the area can be protected from harm.

11th Grade Project

Investigated Pascal's Triangle in 3D. Looking at the well-known triangle in another dimension provides new pattern and methods to solving various math problems.

OTHER AWARDS & RECOGNITIONS

Youth of the Month, *October 2015*

Each year, Clovis High School selects 6 students, 3 girls and 3 boys, from the senior class to be part of the National Exchange Club. The senior class at Clovis High currently has 629 students. Selected students attend a luncheon sponsored by the local Rotary club and are eligible for exclusive scholarships.

National Honors Society Admittance, *November 2013*

National Honors Society recognizes individuals who have distinguished themselves as outstanding in their schools and community. Only the top 20 Clovis High students in grades 10-12 gain admission each year. Students who are admitted demonstrate high levels of character, scholarship, leadership, and service.

OTHER VOLUNTEER EXPERIENCES

iCan Tri Triathlon, *Event Support (15 hours)*

- Helped setup signs, placed flags along course, and helped with other logistical tasks

Saint Agnes Medical Center, *Laboratory Assistant (3 hours a week, 80 total hours)*

- Made blood culture sets and delivered material throughout the hospital
- Helped answer phones and assisted patients' family members with entering and exiting ICU

Temple, *Audio/Visual Support (15 hours)*

- Added music and lectures to CD's and DVD's for distribution to temple members
