

Name_____ Date_____

Talking With Light Waves

Use Flashlights. Turn on light for count of one for a dot, turn on light for a count of three for a dash. Turn off the light for a count of seven between letters.

Both you and your partner create two one-word (no more than 5 letters) messages then take turns sending them to each other. After trading and decoding all the words, get together, compare your worksheets. How well did you do?

Message 1 to send in letters _____

Morse code to send _____
