Satyr TF Minotaur Scenes

Warning dream
Requirements: Penis; Satyr Sexuality Perk; Corruption > 30

You're standing at the edge of a cliff looking out onto the red earth and sparse vegetation of the mountains around you. Your bare [feet] are covered in dust as the wind whistles in your ears. A grey thunderhead booms overhead, and for the first time since you came to this land, you feel drops of warm thick rain hitting your [face]. Wait… warm? Holding out a hand you catch a drop. The warm creamy liquid is white as snow and easily recognisable as semen. From below the sound of mooing draws your gaze.

Your [eyes] widen as you watch your satyr offspring and a tribe of minotaurs fighting to the rape. You watch a bull man knock one of your satyrs over and grab him by the horns, forcing a huge equine penis down the young man's throat. Yet even as the Minotaur roughly fucks one satyr's throat, another comes up behind him and stuffs his leaking dick into the bull man's burly ass, taking advantage of his distraction. Further away there is a bull man pinned to the earth under the sheer weight of your offspring; every hole, including his cum slit, ears and nostrils is filled with at least two of your sons' dicks. A little ways away, two of your sons settle an argument by wrestling, one gets the other to the ground and promptly stuffs his dick into the younger, smaller satyr. Yet still one more minotaur has three of your sons inside of him, sharing his hot cum slit while playfully smacking each other on the ass.

The light shower of semen falling from the sky quickly becomes a downpour, hot seed streaming down your [face] and [fullChest] as you smile at the sight.

Minotaur Mpreg - Satyr Birth
Requirements: Penis; Satyr Sexuality Perk

First Time {

As you explore the mountains you hear a throaty moan of ecstasy. From the deep baritone of the voice you know there's a minotaur close by. As stealthily as you can you creep towards the sound.

You come face to face with a {pc original skin color} ass as the goat man shoves his cock in and out of the moaning minotaur's mouth. Something about that guy seems oddly familiar. As you watch the satyr and listen to his voice rising and falling as he fucks the minotaur's face you can't help but feel like you know him. As you stealthily try to get a closer look you accidently kick some loose rocks and send them noisily clattering down the side of the mountain.

The satyr turns to look you dead in the eye. The only response you can muster is to stare at his face, wide eyed. His features bear an undeniable family resemblance as if you and your father and uncle were all combined into one person. Even with his undeniably Ingnam traits he still has those unmistakable satyr traits: The goatee, the tall goat horns and fuzzy goat tail.}

Repeatable {

As you explore the mountains you hear a throaty moan of ecstasy. Remembering what happened last time you heard that sound you peek around the corner.

Sure enough another one of your satyr sons is in the middle of fucking a minotaur's face with reckless abandon. You simply clear your throat and he turns and looks you in the eye.}

Your son strokes his goatee as he looks at you. Then his eyes widen in recognition. "Dad?" he asks, his voice hopeful. Looking eye to eye with the guy you nod, and his big arms are suddenly around you, pulling you into a very affectionate hug in which his spit-covered cock is crushed against your [armor].

"I'm so glad you came!" he says as he releases you. The silly smile he wears tells you that his pun was completely intended.

You can't help but notice that he's muscular, fully grown, sexually aware and has a familiar cadence to his speech you associate with Ingnam. You also notice the way his foot long dick bobs up and down in front of him, he's obviously very horny.

"You wanna join us?" he asks, his hard dick leaking as he crouches next to the barely-conscious minotaur. You have to admit that the muscular guy is in the perfect position to be fucked. You can't help but also notice that your son's ass is formed by two globes of masculine perfection and his cock and balls hang low. Also considering the generous amount of body hair on his face, pits and treasure trail and it's easy to see he's a fully grown man and not just some boy.

So what will you do?

[Yes] [No]

No

You shake your head as those eyes mirroring your own look up at you. You watch disappointment flicker through his face before he smiles brightly. “Well… more for me then,” he says as he pushes the Minotaur’s legs to his chest and begins roughly pounding the horny bull man with his eagerly leaking cock. {Satyr Sons + 1}

Yes

What kind of father would you be if you didn’t share some quality time with your son? Instead of answering the fruit of your loins you take off your [armor]. The eager youth doesn’t pay much attention to your stripping, he just pushes into the minotaur’s burly ass.

“Wow pops, this is nice!” He says as he moves his dick in and out of the muscled bovine man’s rectal tunnel, “I see why you fucked mom, this feels soooo gooooood.”

For a second you watch your boy fuck the minotaur like most virgins do. His thrusts are hard, clumsy and uncoordinated while on his face he wears a lust-addled expression of pure euphoria.

Now that just won’t do. You can’t have your son fucking like some damn newbie who doesn’t know what the hell he’s doing. Grabbing the satyr by the hips you press your [cockHead] against his little tight black bud. He looks back with a question on his face as his hips stop working. You tell him you’re going to show him how to properly fuck an asshole and begin feeding your [cock] into his tight muscled butt.

[if (cockLength < 7) “Your son’s asshole is so wonderfully tight you barely register his pained groans as you push into him. It takes a little work but after snatching him back into place a couple times you find his hot hole very accommodating. He trembles with need as you slide forward, he’s obviously going to be a very versatile satyr. You decide to teach him the long stroke, and pull your entire length out to till your [cockHead] is all that remains inside him and slam you hips forward. You repeat this action a few times, making sure the lesson is sinking in. Then you tell him to try

“Like this?” He asks as he pushes his muscled ass back against your [cock] and shows you what you taught him on the minotaur below him. The first time he slips out, but soon he’s long stroking the minotaur’s ass like a pro and taking your dick in with every thrust. Leaning back you tell him to go faster and the little guy begins riding your cock and fucking the minotaur’s ass as hard as he can.”]

[if (cockLength > 7 and cocklength < 10) “Your son’s voice breaks as you push into his wonderfully tight little virgin ass. You have to snatch him back into place as he runs from the burning pressure of your [cock] conquering his black cherry. It takes a few strokes and a couple hard swats to his muscled ass but soon he remains still as you force your [cock] into his rectal sleeve. He whines when you finally hilt him, your trunk pressing into his strong ass.

You decide to teach him the long stroke and pull your [cock] out until the [cockHead] is all that remains inside of him. When you slam forward he yelps and swerves his hips away. You repeat this action a few times, making sure the lesson is sinking in and letting your son get used to his daddy's big dick. Soon he's pressing back against your thrusts and you know he's learned what he needs to so you tell him to give it a try.

"Like this?" He asks as he pushes back into your ass until the mushroom shaped head of his human dick is all that remains in the moaning minotaur beneath the two of you. He slips out a few times but before long he's fucking the minotaur like a pro, and engulfing the full length of your [cock] in the process. Leaning back you tell him to go faster and the little guy begins riding your cock and fucking the minotaur's ass as hard as he can"]

[if (cockLength > 10) "As you try to push into your son's back door he grunts and groans and you make absolutely no progress. After a few more unsuccessful tries you give up and decide to take a moment to think. After thinking about it for a while you decide to properly prep the guy and bring your hand to your [face] and spit. As you're lubing up your dick your son watches with a slightly scared expression.

You tell him not to worry and that the best way to learn how to properly use his dick is to take yours. He nods, believing your every word without question. You begin dipping your fingers into the man's virgin hole, opening and spreading his tight little bud for your [cock]. You can tell from the way he's groaning and calling you daddy that he likes it a lot. Once you feel you've prepped him enough you grab his hips and feed your dick into his tight little pucker. Your son's voice comes out in a strangled cry as you push and push. You keep expecting his muscled ass or his internal body structure to stop your advance, thinking that there's no way a virgin can take your entire [cock] his first time.

Yet somehow he does, impressively managing to not pass out as his stretched hole quivers around your [cock]. Your every movement sends a shudder through his body and a yelp through his clenched teeth. You simply swirl your hips, stirring his insides until that insanely tight virginal pressure looses and your son is ready to get fucked.

With a grin you decide it's time to teach him the long stroke. He groans as you pull your entire length out to till your [cockHead] is all that remains inside him. When you slam forward, showing your son how to really fuck an asshole, he howls. He clutches the minotaur for dear life as you wreck his ass with brutal, full length thrusts. First his hole stops trying to push you out. Then he spreads his legs to let you even deeper into his parting guts. Soon he's pressing back against your thrusts and you know he's learned enough to take it to the next step so you tell him to give it a try.

"L-like this?" He asks, stuttering as as he pushes back against your [cock] and shows you what you taught him on the minotaur below the two of you. The first few times he slips out but soon he's long stroking the minotaur like a pro and taking your dick in with every stroke. Leaning back you tell him to go faster and the little guy begins riding your big cock and fucking the minotaur's ass as hard as he can."]

As he fucks himself and the minotaur you become increasingly aware of how tight his ass is getting. The sexiest sounds of pure ecstasy rip out of his chest as the dual sensations

become too much for the virgin. As he slams balls deep into the muscled ass in front of him you pound forward into his quivering hole. You fuck him hard through his orgasm until your own eruption fills his wrecked guts with white hot seed.

You tell him he’s a good boy and he says, “Thanks dad.” Consumed with his post orgasmic high he reaches up and kisses your lips, his tongue snaking into your mouth. A deep moo calls you from your son’s lips and you look down at the minotaur. He’s fisting his dick hard, obviously desperate for release.

You tug your dick from your son’s cum caked hole and watch as the trembling ex-virgin stands, your cum running down his legs.

“Alright dad.” He says, giving you another thankful hug, “I’ll see ya around.” and with that you say goodbye to the short beefy satyr, hoping you’ll be able to breed his tight little muscled ass again soon. As you leave he grabs his "mom's" dick and sits down on it, clearly wanting his ass split again. Such a good boy too, taking care of both of his parents needs. You head back to camp with a smile.
