

Contests and Learning Associate

(Full time employee)

About the role

CodeChef is seeking full-time employees to build learning content and problems as part of our Contests and Learning Team, which aims to provide the best learning experience through both contests as well as preparatory materials. The ideal candidate should be well versed in algorithms and data structures, and be experienced in the world of competitive programming - both participating in and setting contests.

This role offers plenty of opportunities to learn the ins and outs of a world-famous competitive programming platform as well as the chance to be part of exciting events. You will be shaping the future of every college and school programmer in India and globally, and will have the means to make as large a difference as you can dream!

Responsibilities

- Create and test problems of various difficulties
- Help manage various contests (monthly rated contests, external rated contests, Snackdown, etc.) on our platform, including reviewing problem proposals and testing them.
- Create new learning content (tutorials, editorials, etc) to be published on the website, and improve existing ones
- Manage plagiarism checking for some contests
- Make the platform better by documenting and prioritizing new feature requests, managing bug reports, etc

Note that all of these are not necessary for everyone. For instance, if you are not comfortable with content writing, that can be excluded.

What should you possess

The ideal candidate

- Has passion for working towards CodeChef's vision
- Must have participated in at least 40 contests across CodeChef and Codeforces combined, and must have a CodeChef Overall max rating of at least 1800 (preferably ≥ 2000) or a Codeforces max rating of at least 1700 (preferably ≥ 1900).
- Must have set and tested some competitive programming problems

- Must have excellent verbal and written communication skills
- Should be able to join in September 2021.

Location

Bangalore

Note however that until Covid situation gets better, it will be Work From Home.

Salary Range

INR 8,00,000 - 15,00,000 per annum
