

How to activate the license of ThumbPress Pro

Please follow the below to learn how to activate the license of ThumbPress:

Step 1: First, you need to have the free version of ThumbPress on your site. You can download and install the [free version](#) from WordPress.org.

Step 2: Get your desired [ThumbPress Pro](#) package. Then you have to download the zip file of ThumbPress Pro from the Pluggable dashboard: <https://my.pluggable.io>. Log in to your dashboard and click on View Details and Downloads.

Step 3: After downloading the zip file, upload it to your site's plugin section and activate it.

Step 4: Now, activate the license key in ThumbPress settings by using the login details of <https://my.pluggable.io>.

Step 5: After clicking the Activate button a pop-up will appear. Here you will need to click the green button saying **Activate Now**. Make sure you are logged in with your purchase account before clicking this button.

So now, you can use ThumbPress Pro and enjoy our exclusive premium features.

If you encounter any issues while activating the license, feel free to reach out to our support team.

Please follow the steps below to activate the license for ThumbPress:
