ACES 2021 planning

[Draft Description of Cañada Equity Coordinator Position](#) for Fall 2021 and beyond from Dr. Robinson and Dr. Perez:

- 3 instead of the current 5 units for Faculty Coordination.

Rebekah proposes a tri-chair model with a designated staff co-chair.

Rebekah Taveau and David Reed helped inform the ACES draft position description. It does not emphasize lecture series work (which sometimes took the current position over 5 units) as we feel the logistical leg work and management part of that should be elsewhere.

ACES is going to focus more on evaluating equity in the college plans and making recommendations to PBC.

Our current Bylaws Mission are similar to the template recommended by PBC but we will make revisions and work on our representative membership to be proposed to the Academic and Student Senates.
