Subject: Request to Increase Depth of Leichhardt Park Aquatic Centre Multi-Use Program Pool for Diving Enthusiasts

Subject: Enhancing Aquatic Facilities for Underwater Rugby in the Inner West

Dear Mayor Darcy Byrne and Inner West Labor Council Members

I trust this message finds you well. As a dedicated member of our community, I'm reaching out to address an important issue that hits close to home for me.

I have a close friend deeply involved in underwater rugby, a unique and vibrant sport. Their experiences have highlighted the lack of suitable facilities in our area. This brings me to advocate for a reconsideration of the proposed depth of the Leichhardt Park Aquatic Centre's new pool.

I urge you to increase the pool's depth to a minimum of 3.8 metres, with a movable floor. This adjustment has significant benefits:

Supporting Unique Sports: By accommodating the needs of underwater rugby players, we create a space for a distinctive sporting culture to thrive in our community.

Fostering Unity: Suitable facilities encourage camaraderie among enthusiasts, enriching our social fabric.

Encouraging Wellness: Catering to unique sports promotes active, health-conscious lifestyles among our residents.

Showcasing Diversity: By embracing unconventional activities like underwater rugby, we highlight our commitment to a dynamic and inclusive community.

I kindly ask for your support in championing this proposal. Together, we can create a lasting impact that enriches the lives of underwater rugby enthusiasts and our community.

Thank you for your time and dedication to our community's growth.

Warm regards,

[Your Name]
