

## **VCA Accessibility Statement**

Vision Charter Academy (VCA) is dedicated to supporting a welcoming, inclusive, and accessible educational space for all.

We acknowledge that we are not fully accessible at this time. However, we are actively working towards aligning with the Web Content Accessibility Guidelines (WCAG) version 2.1, level AA criteria. These guidelines help make web content accessible not only to users with sensory, cognitive, and mobility disabilities but ultimately to all users, regardless of ability.

Our ongoing efforts are part of a meaningful change in making all VCA services inclusive and accessible. We welcome comments on improving our technology's accessibility for users with disabilities and requests for accommodations to any VCA services.

### **Accessibility standards applied**
