Spark Enrichment Workshop Descriptions
Session 4 ~ January 19 - February 26

Knitting - Baby, it's cold out! Make a Scarf! Join Ms. Stewart and other students to learn the basics of knitting a scarf! You'll learn to cast on and knit one, purl one to tunes of the group's choosing. Come have fun in a sea of yarn color while chatting and making new friends.

Cooking - Join Mrs. Dattilio and Ms. Conroy, bakers extraordinaire, and learn how to bake and cook everything from appetizers to dessert. Experience how to use a variety of cooking tools and utensils as well.

Engineering Challenges - Do you like to create things? Do you like to build and invent using recycled materials? Are you into problem solving? If so, Engineering Challenges are just for you! This Spark session will include all new challenges, no repeats from last session, will involve extensive hands-on activities, where students work together in small groups and collaborate on different engineer tasks. Each week students will be given a challenge that they must work together to solve. They will use a variety of recycled materials to plan, test and create with. It will be a lot of engineering fun! Join Ms. Crowley & Ms. Sutton in the Stride room for this engaging session.

Make Your Own Jewelry - Learn how to make a variety of jewelry with Ms Granoff, from necklaces to earrings to bracelets. A selection of colors will be offered for you to choose from, so you can customize your jewelry. You will walk away with elegant and colorful pieces of jewelry, fit for gifts or for keeping for yourself! Jewelry making will take place in the Swift House project room.

Photography - Ms. Ward will help you create a 'Year in Review' scrapbook with photos, artistic images, and embellishments. You will use your own photos and take a few photos around school using iPads and digital cameras. Using your photos and other found images, each month of 2016 will be recorded in a personal collage. At the end of five weeks you will have a bound scrapbook to remember 2016!

Dance Party Workout Fueled by Healthy Snacks - Winter Blues Got You Down? Come join Ms. Danielle and Ms. S to learn how to use exercise and healthy eating as a way to reenergize! During the workshop we will work on new dance workouts and how to fuel your body in healthy ways. As a group we will put together and enjoy healthy snacks! We'll be meeting
