FOR IMMEDIATE RELEASE

Following the conclusion of State of San Andreas v. Ella Bright-Starr, we, the elected representatives, will take the next few days to analyze the outcome of the trial and her overall conduct in office. We appreciate the hard work of law enforcement, the Judiciary, the Department of Justice, and the Public Defenders Office for ensuring a fair and just trial was served in this case.

The Legislative branch has taken measures to introduce [articles of impeachment](#), these articles put us into a footing, of holding an impeachment trial, into the actions of this administration and how to continue forward. Impeachment trials are not criminal trials, and while the legislative branch may take the guilty charges into account, it will not be the sole deciding factor if a hearing is continued forward. The Legislature will vote on determining if a trial is required during our closed Friday meeting.

We ask for patience as this is not a decision that can be made lightly.

Thank you.

Yuri Devlin
Speaker of the Legislature
