TJIOI 2022 Information

About

TJIOI is a competitive programming contest held annually by the Thomas Jefferson High School for Science and Technology computer teams. TJIOI will be held online this year, on June 11, 2022, over Codeforces. The competition is open to all high schoolers and will consist of a single, individual programming round. Problems will be over a wide range of difficulty, from USACO Bronze to Platinum level.

Schedule (6/11)

Time	Event	Link
12:00 PM - 12:45 PM	Opening / Q&A	Zoom Link (Password: tjioi)
1:00 PM - 4:00 PM	Contest	https://codeforces.com/group/wXx9dG71FM/contests
4:30 PM - 5:30 PM	Solutions / Closing	Zoom Link (Password: tjioi)

Contest Information

- The contest will be held on https://codeforces.com/.
- Visit this link to join the codeforces group. Registration for the codeforces contest will open shortly before the contest begins.
- Register for the competition here.
- Languages permitted for the contest are C, C#, C++, D, Go, Haskell, Java, JavaScript, Kotlin, Ocaml, Pascal, Perl, PHP, Python, Ruby, Rust, and Scala.
- Prewritten code can be used, as well as online resources. Competitors, however, are not allowed to collaborate with others.
- Rankings will be determined by the number of problems solved. Tiebreakers will be broken by penalties (incorrect submissions and time submitted).
- All input will be read through standard input, and output should be done through standard output.

Prizes

- The top 3 (high school) participants will be able to win prizes!
  - First: $50
  - Second: $20
  - Third: $10

- Prizes will be distributed as Amazon gift cards. Winners will be contacted after the competition and will receive the prizes within a few days.

Additional Information

- If you have any questions before, during, or after the contest, you can contact us through the email tjhsstictcaptains@gmail.com.
