	This will form a slipper. But we need edging. We will now work a row along the top of the slipper and strap.
16	Ch1, and DecSC over the first two stitches. SC until the stitch before the strap begins. DecSC over the next two stitches. SC in the next 5 stitches. DecSC. SC until the last two stitches of the row. DecSC.
15	Repeat Rows 1-16 for a second slipper.
	Wear and be cozy.
