

Intro

We are, we are, we are

Verse 1

L.A. on a Saturday night in the summer
Sundown and they all come out
Lamborghinis and they're rented Hummers
The party's on, so they're headin' downtown
Everybody's lookin' for a come up
And they wanna know what you're about
Me in the middle with the one I love and
We're just tryna figure everything out

Verse 2

L.A., mmm

Drove for hours last night and we made it nowhere
I see stars in your eyes and we're halfway there
Oh no, I'm not fazed by all them lights and flashin' cameras
'Cause with my arms around you, there's no need to care

[segue]

Pre-Chorus

We don't fit in well 'cause we are just ourselves
I could use some help gettin' out of this conversation, yea
You look stunning, dear, so don't ask that question here
This is my only fear: that we become

Chorus

Beautiful people

Drop top, designer clothes

Front row at fashion shows

"What d'you do?" and "Who d'you know?"

Inside the world of beautiful people

In pain and no one knows

Prenups and broken homes

Surrounded, but still alone

Let's leave the party **[segue]**

Post-Chorus

We are, we are, we are

We are not beautiful

Outro

That's not who we are (We are, we are, we are)

We are not beautiful

That's not who we are (We are, we are, we are)

We are not beautiful
