

Winter 2024 Grant TK-8 After School Enrichment Schedule and Registration Information

The Winter Session of After School Enrichment classes for Grant students will run January 8 - March 22, 2024. Please review the [schedule](#) carefully and note that Chess is offering classes from 12:30 - 1:30 PM and 1:30 - 2:30 PM. It will be possible for elementary students to participate in two different classes (with chess as their second class) on Thursdays should they choose to do so. Please note the grade levels that the various classes serve and that classes need to meet their minimum registration requirements to run. Tell your friends!

All registration and payment is done directly with vendors. [The schedule of classes with links to each vendor's flyer and instructions for registration can be found here.](#)

Unfortunately, due to sharing permissions, these documents and vendor flyers cannot be viewed from an stu.sandi.net account.

[Scholarships are available!](#) Each class has at least one need-based scholarship available. Applications should only be submitted by families with financial need and are due by **midnight on 12/15/23**. **Please do NOT complete and submit the scholarship application form for an afterschool enrichment class that you have already registered and paid for. Vendors will not be issuing refunds if you have already registered and paid for a class.**

Please note, filling out the need-based scholarship form does not guarantee a spot in the class, the only way to guarantee a spot is to register and pay the company directly. Scholarship recipients will be notified January 3, 2024 if they were selected. [The scholarship form can be found here.](#)

Please contact vendors directly for class specific or registration questions. **The Grant front office DOES NOT handle enrollment or concerns for any after school classes.** You need to communicate directly with the vendor. For general questions regarding the Grant After School Enrichment Program, email grantafterschoolprograms@gmail.com.
