

Hey, Liz

I have seen your most recent post on Instagram, and i have to say that's a pretty cool bar, hope you and your friends enjoyed it

lucky for you, I see an opportunity to not only increase your turnover rate on leads but also get more people to buy your investing boot camp and potentially book a 1:1 call with you

Top player Leila Hormozi uses this strategy to convert people from just being interested to valuable clients who pay for her services,

and by implementing this in your business,

I'm certain that I can generate 30 more leads within the next 2 months!!

And that would be more money for you in the back end ofc.

Now if that piques your curiosity, don't be hesitant to reply

PS: I also noticed that you do not have an opt-in page for your services so I went ahead and made you a sample landing page for your investing boot camp, let me know if you like it
