Relevant Individuals

7. Dr. Jill Stein (STEIN), current Mayor of the District of Columbia, provided screenshots of a conversation with BOWERS showing BOWERS confessing to the ownership and use of an alternative account.
8. STEIN provided this information to the President of the United States, who turned it over to the Federal Bureau of Investigation (FBI).

9. Immediately after receipt of this information, the FBI proceeded to check with individuals such as Secretary of Elections Trey Williamson (WILLIAMSON) for the purposes of IP-address-matching for the purposes of solidifying the claim and evidence.
10. WILLIAMSON found a vote belonging to BOWERS and his IP-address, but could not find a vote cast by HAMILTON.
11. TPON Historian George W. Morecraft (MORECRAFT) was contacted to provide the IP-address of HAMILTON based on recent surveys hosted by the Historian MORECRAFT.

The Scheme
