

EE WRITING AUDIT

The aim of this audit is to enable you to think about your work to date and ask if you have the work done or if you might need help from your Supervisor or Ms Voigt. Honestly answer these questions:

Writing Process	Tasks	Status	Related files/Notes
Title page	I have all the components for the title page - Title - Research Question - Subject - If it is a language essay the category must also be stated - If it is a world studies essay the theme and two subjects utilized must be stated - Word Count - Exam session, eg May 2022 - Citation system used, eg MLA 8	No... ▾	
Presentation	I have all the components listed for presentation requirements and checked it is correct: - Title page is complete and correct - Page numbers present - 12pt standard reading font - Double spaced - Contents page is correct - Tables/graphs/charts clearly labeled, titled and referenced - MLA citations - in-text and works cited.	Not ... ▾	
Introduction & Intro Advice	Context: I have stated my research question and provided some context that situates the question within existing knowledge.	No... ▾	
	Have I refined my RQ and it is stated in the introduction(Talk with Supervisor)	No... ▾	
	Worthiness: I have indicated why my research question is worthy of investigation. Using the phrase "this research question is worthy of investigation because..." forces you to consider worthiness by default. There is a worthiness check list here .	No... ▾	
	Do I have a hypothesis about the research outcomes?	No... ▾	

Writing Process	Tasks	Status	Related files/Notes
	Outline of argument: I have specified which aspects, factors or key features I will be investigating that will help answer the RQ. This is done in the order they appear in the main body is advised.	No... ▾	
Literature Review (if appropriate for your subject)	Have I identified the 2-3 most important pieces of resources related to my research/topic? (what are they?)	No... ▾	
<i>Or this information may be in your introduction to set the scene of your research (check with you supervisor it applies to you)</i>	Did I acknowledge any opposing viewpoints?	No... ▾	
	Did I explain the specific terminology related to my subject (look to your IB Subject for these explanations)	No... ▾	
	I am using the theories and referencing the theorists to help answer questions, back up my statements, arguments and claims? (structural supports)	No... ▾	
	How is my work relating to the work of others, whose theories underpin and inform it? (have I stated who they are in my work?)	No... ▾	
Methods	Have I explained why I chose to use this method to collect my data or research? (EX. I decided to use a meta-analysis method as I could not conduct this type of research in Thailand)	No... ▾	
	Have I fully explained my process/methodology? (especially if you carried out primary research of your own you need to explain what the process/steps in the data collection were at the time)	No... ▾	
	Have I explained how the methods will support answering the research question. Are limitations addressed (if appropriate)	No... ▾	
BODY -	Did I provide a roadmap for how I intend on providing my evidence to demonstrate my research findings?	No... ▾	
	What is my first evidence or findings related to my research?	No... ▾	
	How does this evidence relate to the IB subject area/guide that my research falls within?	No... ▾	
	What is my second evidence or findings related to my research?	No... ▾	

Writing Process	Tasks	Status	Related files/Notes
	How does this evidence relate to the IB subject area/guide that my research falls within?	No... ▾	
	What is my third evidence or findings related to my research?	No... ▾	
	How does this evidence relate to the IB subject area/guide that my research falls within?	No... ▾	
	What is my fourth evidence or findings related to my research?	No... ▾	
	How does this evidence relate to the IB subject area/guide that my research falls within?	No... ▾	
	What is my fifth evidence or findings related to my research?	No... ▾	
	How does this evidence relate to the IB subject area/guide that my research falls within?	No... ▾	
Findings and Discussion	Did I state in no uncertain terms what I found (Remember: it may or may not have resulted in a positive answer)	No... ▾	
	Did I include findings that surprised/disappointed me?	No... ▾	
Limitations	Did I consider that my research could not be definitive?	No... ▾	
	Have I explained why my research was limited to the results? OR were there limits on my research that were outside my control?	No... ▾	
	Have I recommended what the next person who researches this topic should do or consider? And why?	No... ▾	
<u>Conclusion & Conclusion Advice</u>	Can I make a single statement that ties my research to the IB Subject area (and Guide)?	No... ▾	
	Did I explain what the value of this research is to the greater subject area community?	No... ▾	
	Did I clearly restate my question with my findings as an answer?	No... ▾	
<u>Assessment criteria (red column)</u>	Have I reviewed the EE Rubric to ensure I have met all the criteria?	No... ▾	
<u>Academic Honesty</u>	Do I have my Works Cited prepared and have done a check to make sure: 1. Citations are accurate 2. Appear in BOTH the Works Cited and In-Text 3. Any graphics, images, etc are cited	No... ▾
