Good Morning esteemed DLP and UWP party members, President's Office and Electoral Office leaders.

We wish to advise you of this petition, signed by 2000 Dominicans in 4 days:
http://chng.it/r4McwtTF

We are demanding the mandatory use of existing IDs for voting in the upcoming elections. This will limit possibilities for fraudulent voting; which we're sure you are just as interested in preventing as we are.

Please consider our proposal and let us know of your response by tomorrow. 2000 Dominicans are waiting to hear your commitment to fair elections. Your response, or lack of it, will be forwarded to all of them.

Your commitment to democracy will influence our decision at the ballot box.

Thanks,

Chief Jacko
