

1st Grade

NEWS FOR THE WEEK OF JULY 15
QUARTER 1 WEEK 5

kchern@wcpss.net / mrscherns1stgrade.blogspot.com

 **A NOTE FROM MRS. CHERN...** We are all tracked into our new space and doing great! Our banner for the Walk-a-Thon is almost done and our T-shirts will be done on Tuesday. Don't forget to bring a white T-Shirt (100% cotton is best) on Monday. We got paired up with our 4th Grade Reading Buddies today. So excited to have this group of mentors and role models to work with our class.

UPCOMING WEEK'S STANDARDS...

READING: Digging deeper into comprehension with *envisioning* and activating *schema*, retelling stories (assessment)

WRITING: Editing and revising to publish

SPELLING: Unit 5

MATH: Subtraction with 10 frames, using number lines to add and subtract, word problems

SCIENCE: Begin Balance and Motion science unit, exploring stable, balance, counter balance and weight

 **Homework...** The children will read a non-fiction piece and retell what it is mostly about and name details from the passage. Please be sure to read your passage and words/phrases each day to build fluency. Math consists of a review of counting on and using Math Mountains to solve missing addend word problems. There is a video on the blog under Video Links about Math Mountains if your child has a hard time explaining them to you. The last math page is to keep at home. It does not need to be returned but can be played with over and over at home to build fluency with math facts.

UPCOMING EVENTS...

- 8/29 T-shirts need to come to school to Tye Dye on Tuesday
- 9/2 Walk-a-Thon 9:25-10:05
- 9/9 Early Release- School is out at 1:15
