Training Title: TLT Flex Training Days

Dates of Training: February 7 & 8, 2024

Host site: ESU 3 or ESU 10

Description: In-house training on EMC² Learning’s online library of student engagement strategies, PD tutorials, and classroom resources, continued from the [November 2023 training](#). Also includes other no-cost training on various topics as determined by needs assessment.

Projected cost of workshop (include presenter fees, materials, expenses, etc):

- Presenter Fees: no cost for ESU or state-level presenter
- Cost for meals/snacks - TBD

How does the workshop align with ESU CC Goals and ESUCC/NDE priority areas?

The theme of this proposed training will align with the needs of the Teaching & Learning with Technology group as well as statewide initiatives (both ESUCC & NDE). The TLT Leadership Team will continue to use a survey tool to poll the TLT group to determine which training will best meet this criteria.

This training provides connection to ESUCC’s PURPOSE:

- to enable ESUs to work together effectively, efficiently, and equitably to accomplish common goals and deliver high value to the state’s education system.
