Communications Intern

Seeking writing/storytelling intern for the Batten College of Engineering and Technology at Old Dominion University.

The Frank Batten College of Engineering & Technology is one of the largest colleges on campus with over 2500 students. We offer eight undergraduate and multiple master's and doctoral programs across five departments: Civil and Environmental Engineering, Electrical and Computer Engineering, Engineering Technology, Mechanical and Aerospace Engineering, and Engineering Management and Systems Engineering.

Research (and story) topics include: advanced manufacturing, transportation, cybersecurity, renewable energy, coastal resilience, plasmas, nanomaterials, artificial intelligence, robotics and autonomous vehicles.

Intern must be able to write succinctly in AP Style and communicate difficult technical language into text that an average person can understand.

Location: This is an on-site internship at the Batten College of Engineering at Old Dominion University

Hours: Students will work 20 hours a week in person at the Batten College of Engineering and Technology.

Pay: Pay is \$11 hour. Work study eligible students may receive higher federal pay standards.

Required skills:

AP Style writing and editing

Ability to simplify and explain complex topics

Preferred skills/interests:

An interest in STEM

Photo and video storytelling

Adobe Creative Suite

Graphic Design

Required

Students must submit three writing samples.

Submit your resume, writing samples, and ePortfolio to:
