*If you open this document in **Safari** browser on your phone the models may be blurry. Idk why, it's a Safari thing. If you open it with google or chrome on your phone it should be fine. If you are on mobile I recommend you download the **Google Docs app** and when you click the link from my website it will just auto open it in the Google Docs app and the images will appear fine.

Strikeout (K) Model:

-

So plays under the model are my official plays. I will post honorable mentions as well. Honorable mentions will not be graded and I personally won't be on them but I'll add them here. Variety of reasons I may not play them are: Pitcher proj looks good but i don't love the price, or pitcher proj is close and i like the price, etc.

Like I said , I won't be grading the honorable mentions but I will provide them in case you want to use them in some way or even play a K Prop Parlay (which are fun). However you want to use the info is up to you.
