

Welcome to the 2018 Smoking Gun Treasure Hunt

The treasure hunt starts teams at a different location. However, each clue leads to the next clue! When you have visited 15 locations, then you have one last clue to find the final destination!

Have fun, but please behave like the IT-geeks-in-training that you are ! Make sure you do not disturb any business activity. THERE ARE CONDITIONS AT SOME LOCATIONS, for example you may not be able to enter the premises BUT the clue will be visible from outside.

To get the codes for your final clue you need the code on the clue from each of the fifteenth locations. At each location you:

Find the clue.

Use the clue to figure out your next destination.

Get a group picture with a staff member. Be polite, a group picture at the location will do.

Put the pictures on your blog (this can be done after you complete the hunt). Do make sure your pictures' labels include the name of the location.

Record the CODE printed on the clue.

Record SMOKING GUN CLUES: 

If you have at least ONE NMIT student ID card your group may receive extra bits and pieces at some locations

When you have found 15 clues, then decode the clue for your final destination from the sequence of clue code numbers. *Arrive at your final destination at 4:00 pm on Wednesday!! Find the final destination card, take pictures and a group photo put that on your blog.*

The more of your group that is involved with this challenge (and are in the pics!), the more points you will garner.
